Ponies with Lasers: a winning combination!

Description

Fillies and Gentlecolts! I don't suppose any of you would be up for a sporting round of THE MOST DANGEROUS GAME~?

So, basically I reckon on the 10th of march, we should get together for a few games of Lazer Tag. There's an M9 Lazer Skirmish at Galactic Circus, which is just behind Crown on the riverbank. A perfect place and opportunity to shoot at each other for a bit, eh?

SHENANIGANS:

For tradition's sake, meet up at Flinders Street steps at 12:30. I'll try getting us some big marker thingy so we're more obvious than last time. After this, the official Pony Shuttle will be LEAVING FLINDERS STREET STEPS AT 1:15 PM. After that, meet us at Galactic Circus directly.

Make sure you bring money for your own participation in lasers and the arcade if you want to.

Prices for Lazer Skirmish are as follows:

\$12 for 1 game

\$20 for 2 games

\$26 for 3 games.

Since we may end up with more bronies than the arena can accommodate, there'll probably be a bit of shuffling people around for games. People who're having time off between games (or who don't feel like lasers for whatever reason) can hang out in Galactic Circus. There's also Kingpin Bowling right next to it if people desire, but I'm pretty sure it's an 18+ location.

After lasers and/or arcade shenanigans we might do the usual "hang out and troll pony stores before dinner routine".

So! Who's up for Ponies with Lasers?
