11th Edition USAU Rules

MIXED

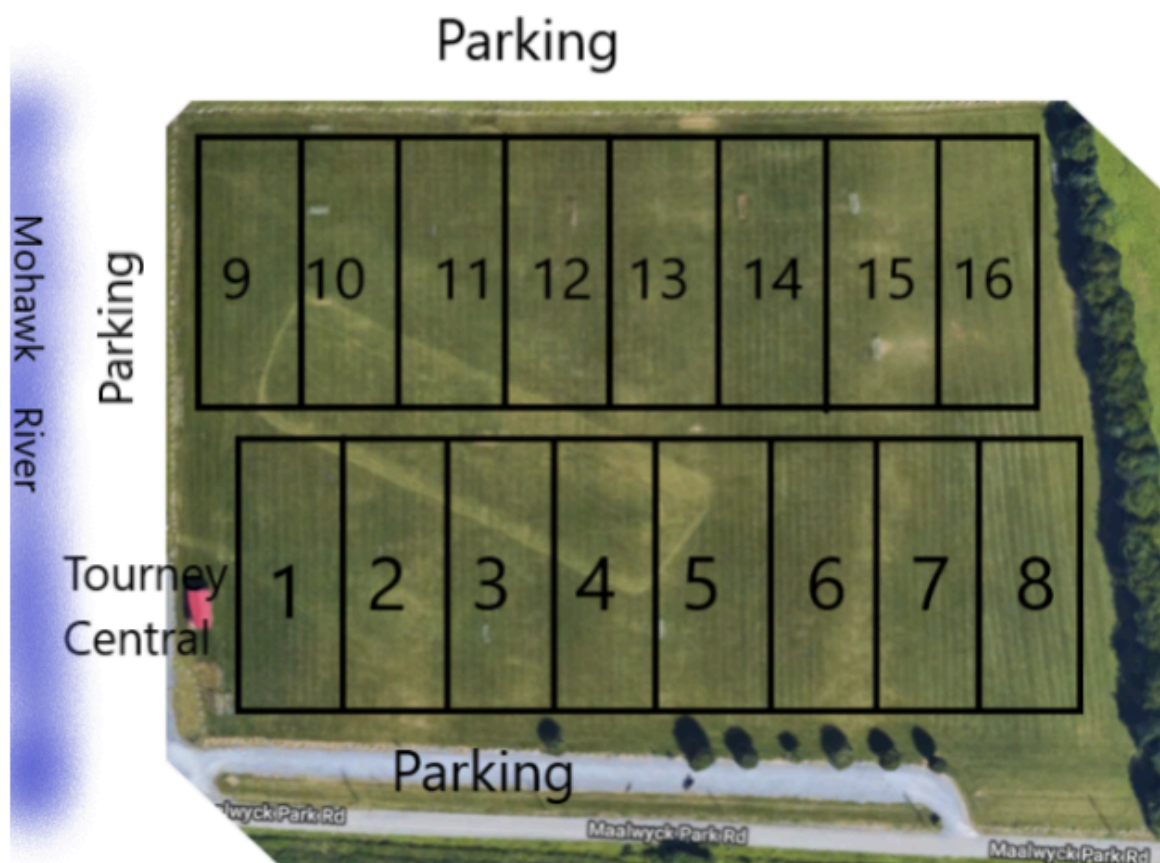

Captains will agree to a gender endzone

Can go 5/2 if BOTH captains agree

Medical Emergencies - If there is an injury and you want to go to the closest hospital, you will need to go to Ellis Hospital. You can quickly get there by taking a right turn out of the complex, driving 2.8 miles on Rt. 5, then taking a left turn onto Erie Street and driving 07. miles, then taking a right onto Nott Street. The hospital will be on your left after driving a mile on Nott Street.

Scores - Everyone is responsible for making sure we have your scores before you leave the fields on Saturday. We will be coming around throughout the day on Saturday to get scores, but you must make sure we have your scores before you leave. We have a contact number for many of you, but if I don't have a contact number and you didn't get us any of your scores, then your team will get zero score for all your games. We try to keep things very simple. You are also more than encouraged to enter in your own scores. **PLEASE REMEMBER TO REPORT YOUR SCORES THROUGHOUT THE WEEKEND!**
