

ECC's Educational Technology Conference 2022

Virtual Session: Friday, March 25th, 2022 10:00 am-12:15 pm

Click [HERE](#) to register for this event!

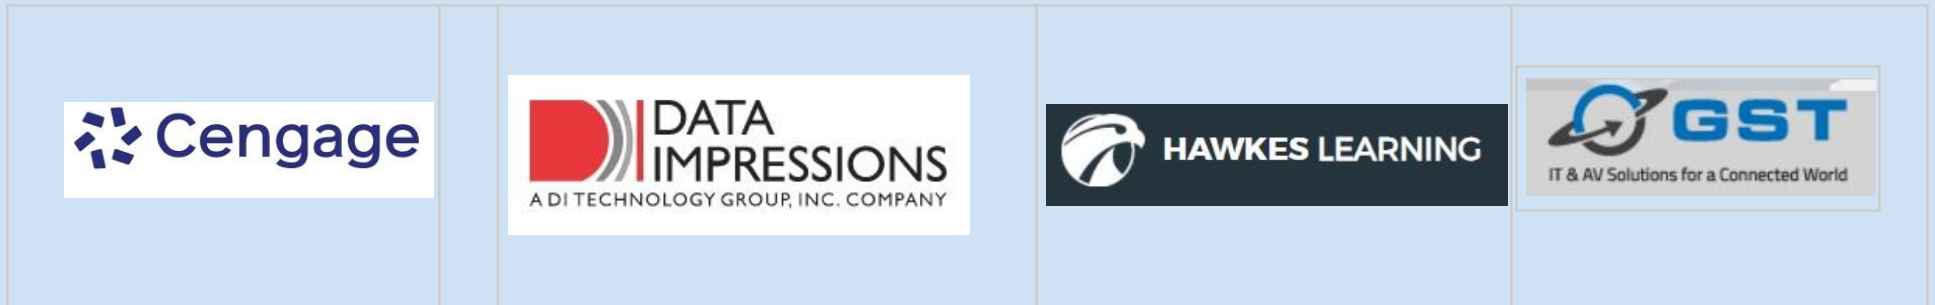

Conference Program

Session 1	10:00am-11:00am	
	Zoom Room 1 Host: Ryan Gan	<p>ECC Connect Presenter: Jenny Simon and Tiffanie Lau, Guided Pathways</p> <p>Learn what's new with ECC Connect and ways to utilize this success-oriented tool which provides a central location for students, instructors, counselors, and other support staff to connect and communicate. Research has shown that students who feel connected and supported during their educational experience tend to be more successful academically. Join us and learn the best ways to support our students with ECC Connect!</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/97332349778</p>

	Zoom Room 2 Host: Stephanie Burnham	<p>Technology and Culturally Responsive Teaching *EDI Flex Eligible Presenter: Erica Brenes, Humanities</p> <p>Where does educational technology intersect with culturally responsive pedagogy? Come and explore how equity-minded teaching can be scaffolded and enhanced with technology. The intention is to have an open discussion, ask questions, and crowd-source answers. Eager to reflect on your practice and meet other professors committed to decreasing the opportunity gap by using technology intentionally and with care? Join the conversation!</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/95224799709</p>
	Zoom Room 3 Host: Kristine Numrich	<p>MyOpenMath (MOM) *DE Flex Presenter: Gayathri Manikandan, Mathematics</p> <p>Are you ready to learn about a FREE interactive homework management system that saves money for your students? Join me and check out MOM as I share the amazing features and easy to use options which allows you to integrate this into your Canvas course. Learn about the pre-built courses that are aligned with different Open Educational Resources (OER) books and available for you to copy instantly.</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/99517596372</p>
Session 2	11:15am-12:15pm	
	Zoom Room 1 Host: Moses Wolfenstein	<p>Hypothesis Annotation Software *DE Flex Presenter: Hypothesis Representative</p> <p>Join us to learn about Hypothesis, a social annotation tool that is fully integrated with Canvas. It allows students to annotate texts (PDFs, web articles, etc.), and instructors to monitor and grade within Canvas.</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/92355092322</p>

	<p>Zoom Room 2 Host: Ryan Gan</p>	<p>MyMathLab and WebAssign in Mathematics Courses: My Experiences *DE Flex Presenter: Daa Eldanaf, Mathematics</p> <p>The presentation will show how students can enroll in Mymathlab and Webassign from Canvas. The assignments will be linked and students can track their progress in gradebook on Canvas.</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/93578282479</p>
	<p>Zoom Room 3 Host: Stephanie Burnham</p>	<p>Inspiration from Connectivism for the On-campus Classroom *DE Flex Presenter: Robin Arehart, Humanities</p> <p>Robin Arehart presents concepts from Connectivism, the “new” learning theory of the digital age. Together, we will brainstorm how to best meet the theory’s four ideals of autonomy, openness, connectedness, and diversity, as we head back to the classroom space.</p> <p>Zoom Link: https://elcamino-edu.zoom.us/j/96975041071</p>
<p>Conference Evaluation</p>	<p>12:15pm - 12:20pm</p>	<p><u>Conference Evaluation</u> Please use the website or the QR code to complete the evaluation.</p> <p>Website: https://elcamino.co1.qualtrics.com/jfe/form/SV_74ko6t6AxB1SGDc</p> <p>QR Code:</p> 

Thank you to our vendors!

Thank you to the following:

Academic Technology Committee; ITS; Facilities; Dr. Virginia Rapp; Pete Marcoux
