Agenda

1. Introductions
2. Old business:
 - a. [Inventory of digital humanities projects in music](#)
 - b. Remote office hours (slack, Google Hangout, etc.) to help with DH/DS projects, questions, etc.
3. Round robin discussion of digital scholarship activity at your institution
4. Announcements

Notes:

1. Introductions made
2.
 - a. Inventory. Consider promoting project list (and participation in) to various newsletters, e.g. IAML, AMS, MLA. Darwin notes that there is a need/interest in information sharing across North America and Europe. Anna mentioned DH orgs, e.g. ACH, ADHO, for information sharing in their newsletters. Need outreach to MLIS students as well to make them aware of cross-disciplinary digital work in music. Post a link on Humanities Commons, since MLA, AMS, etc., are already there. Another social media push.

- b. Office hours. Platform? Zoom, Google Hangouts, Slack mentioned. Interest in participating in colloquium series or proposing a webinar about DH in music via Skype? MLA, through instruction committee, does webinars. ASIST offers free webinars. Darwin suggested Natasha Ermolaev. Suggestion to send out a survey on topics and discussion/open hours coordinators. Or perhaps we can just get started with Slack. Use MLA-L to push office hours; verify that everybody is in DHIG Google Group. Also a proposal to have a virtual meeting for DHIG, in addition to in-person meeting at annual.
 - i. Slack channel for DH
