

To the ambitious freelance copywriter who's felt pressure to charge lambo-worthy project fees... amass a dazzling "big fish" portfolio... conquer TikTok, build a ginormous list, appear on ALL the podcasts and forget about a little thing called *rest*:

What if, this year, you stopped panicking - and instead grew slowly and deliberately, month after month after month?

Here's why 10% is the best monthly goal:

If you bill \$5K this month, then grow by 10% each month, it'd take you one year to earn \$106,921.
