

-The Afterlife and Reincarnation [Fully Explained] The Satanic Afterlife and Reincarnation VS the Enemy "Afterlife" and Literal Death

HP Hooded Cobra 666

[January 09, 2015](#)

People are asking some questions and these questions need to be answered and addressed. The enemy makes sure that nobody gets answers and that everyone remains blind and confused. That's their job. Satan and the Gods make sure to enlighten us and keep us from blindness. That's our Job. And we do our job well for the sake of Humanity. That is giving it the Truth and keeping its spiritual eyes open. So long there is lack of knowledge and confusion, the enemy thrives. When there is knowledge, the enemy becomes dispelled and destroyed.

The message is lengthy, but if you are seriously interested in knowing the Truth about the Afterlife, then here it is for you to study and read. Satanism is about expanding and becoming better in anything we have and anything we are. This includes studying as well. This info will be well understood by more advanced members or members in the intermediate state. No doubt, if one is carefully studying, then of course anyone can understand.

I advise everyone to read the other posts I have made and HPS Maxine has made on reincarnation and the Afterlife. As it all ties together, you will understand fully and totally. The sermon "Metagenics" by a forum contributor is also a must read to realize the connection of the Physical body with all this.

The enemy "New age" and filth never really answer any question, same with the enemy ET's who are all about "love" and other senseless and existentially low crap. Yes, do some love and farting in the name of "jewsus" and you will be saved from damnation, in which "jewsus" put you into by making you ignorant. Ok. Only a stupid existence would believe such filth. Not only is it filthy, but it's an under belt strike in nature's ways and only a blindfold to keep you blind while you are guided like a good sheep in your own eternal destruction.

The so-called "new age masters" have absolutely nothing important to say. At best, they keep saying crap and nonsense as in "you will evolve in 2012" or other shit, that leads nowhere and does nothing but keep the lies and sleep of Humanity going, while filling their pockets with their beloved \$\$\$\$ that they are all about and long for. As for the "New" Agers, most of which are mentally retarded or challenged, this is obvious as in they are in communication with enemy ET's that want them blind and even worse, destroyed. Their will is the same for the whole of the Human cattle. They simply say some "chakra" shit nowadays and idiots think this is something important.

The same enemy company did the middle ages destruction and murdered so many human beings, the same enemy ET company did make the Abrahamic programs that punish meditation with death and total destruction, the xian entities that made xianity, the most major program of spiritual removal and blindness.....and idiotic filths and slaves go to these murderers of Truth to ask questions... We are talking about mentally challenged people, with serious debilitations and serious defects. The "new age" is nothing but the "Dark age" of Humanity in disguise. "JHVH" is the "god" of the jews and that race of people is who they use and operate through to reinforce their ends. They say it to their face and even tell them straightforwardly that this "god" is only for jews. The stupid's know yet they still follow. But this is xianity, kissing your murderer's feet, then getting raped and murdered, with you last word being 'thank you jew' before you lose your Soul, says they should act and be that way. So they are. Or the jews will destroy them, which they will anyway do. Seriously, we are talking about some nuts here. And these retarded species of life claim to even know about the "afterlife". Seriously? They aren't even capable of giving up the jewish "god" due to fear, yet they know any greater "truth"?

To embrace the Truth requires guts. Those who are delving in xianity or dabbling it are cowards and the Truth is for the strong and the daring, the good hearted Souls that seek it with bravery. If they want to kiss the enemy's nasty shitfeet, then that's their own problem. Which has the results I will mention later.

For those who know Satan and His powers and intentions personally, He literally hands down the best information and is really helping Humanity evolve. Like really evolve, not some empty promises. Satan truly explains, truly cares and truly evolves those willing Souls that follow him and are open to Him. The enemy poses to heal the symptoms, meanwhile causing even more diseases and destruction. Satan is straightforward and goes straight to the Solutions, as in getting rid of diseases all together. The enemy is a piece of filth. For instance, their kike industries and Machiavellian politics is what causes hunger in Africa, then their millionaire xians and shitheads go there and give a loaf of expired bread and a bible to "save" the African people. This is the method they work. The people being blind exchange their Soul and cannot even understand they are being played upon. Then they are left to die anyway or live as slaves for as long as they give their life to the enemy, no different than a puppet. Then they are destroyed to the core because that was their 'purpose' anyway. The enemy ET's do the same thing, only in far more complex and violent manners.

For those who have read the previous posts, you can tie these into this one and see more for yourself. Explaining is a bit advanced, but it is definitely comprehensible. This is not some fancy rainbow shit, as Father Satan is honest. He never makes vain promises and He never allows people to be blind. You need to have your ears open. What one must be aware is the fundamental parts of the Soul, as in Male [Pigala] and Female [Ida] energy, as well as the Shushumna part of the Soul [the door and the place of Kundalini energy] which is the actual hermaphrodite energy.

There have been posts asking to where people are asking about the pains of reincarnation, or how this happens and so forth. Yes, this is the unfortunate Truth, but not all of it and not the Truth for Satanists. We have to reincarnate again and again, which is the natural flow of things, the "natural" of a lower level of existence that we are not meant to exist in.

As we have already stated, the Soul if not worked upon by Meditation can die and wither away, like any other form in the universe. This is no different than leaving the physical body without food. The Gentile Soul is shaped in such a manner that when perfected, it can be a self-sustaining immortal mechanism that has an energy uptake from its own self, in other words, as others perish in the after life, those who reach a stage will not. The energy will recreate itself and thus recreate the being. This is the so-called "afterlife" the enemy raves about and never gives anyone. This requires work and persistence and is a part of the Magnum Opus working.

- *Without meditation, a Soul can wither and die just like anything else in the universe. The Gentile Soul is built in a way that when perfected through meditation and discipline can be self-sustainable and use its own energy to rebuild the being. The energy will recreate itself and thus recreate the being.*

Also Father Satan keeps and retains our Souls for those who have not reached this state. For better saying, he keeps and retains our "true self" which is the Soul we have had and possessed in all our lifetimes. This part of the Soul is the actual consciousness, as in pure consciousness and the real ID of the real self. This is who you really are.

- *Satan keeps our "true selves", our Soul of those who have been yet able to reach the level of self-sustainability and immortality.*

So long someone stays inside their womb, they are in that state, they are their pure self. **The state by which this Real part of the Self is reached is called Samadhi** in the East and this is the meaning of Satyan - Eternal Truth. TRUTH IS REVEREND IN SATANISM FOR A REASON AND IT'S OUR SOLE STRIVING. THE "ALL KNOWING" STATE OF TRUTH AND OF REAL SELF KNOWING IS GIVEN THE NAME OF ITS CREATOR, SATAN. He is the one that gave us this ability by making us evolved creatures. Inside this state one realizes the not so human nature of the Human mind. That's the literal meaning of the Delphic "know thyself" and of all other Ancient Mysteries.

Due to our mortal physical body and our lack of spirituality and thanks to xianity, this state and any and all links to it get lost. This is what xianity aims, as at that state, the mind is overly expanded and the intelligence is amplified to such a degree that hardly

ever words can describe, because this state is not ordinarily "Human" in any way. It's superhuman. It's more than Human, it's really Human and not the nowadays "Human". One could easily see in just a second in this state the hoax of xianity and the evil behind it, if they entered that state. This state is symbolized by the Egyptians by the Vadjet eye, the Horus eye, which upon opening and being delved upon makes one see the Truth. Satan opens one's spiritual eyes. Though not mortally and consciously aware, this state is existing and happening inside Humanity, and is taking place in the form of the "higher ego" or "higher self" state, or simply the Samadhi state of consciousness. **This state is totally inaccessible by any other means than meditation and also, mastery of the disciple of meditation and perfection of the Soul.** Though, without there being a link from this form of consciousness, which is the Vadjet and the Divine Mother Kundalini in other cultures, the conscious self is trapped in basically two modes of consciousness.

- *The Samadhi state is so good, that xtians put in everything to destroy it and have been doing so for centuries. When one reaches Samadhi, they are so intelligent and so pure that no words can describe it. They finally see the full Truth as Satan has told it.*

The male, conscious everyday consciousness and the dream-like state, the female part. The first takes on when you are woken up, the second takes on when you are asleep. The Male part of the Soul is directly linked to the Mental body, which is the link between the Male and Female parts of the Astral body. There is no "Mental body" on its own, it's rather a part of the Male Astral body, but at the same time, what is called "mental body" communicates with the Female part of the Astral body, that contains the Subconscious and Unconscious parts of the Soul. I know it sounds complex, but if one gives it some time, they will understand this. Neither the Male or the Female part of these is really the Real Soul, as the Soul itself resides on the higher realms and is "touched" upon when the male and female part is fused, through empowerment of the Astral body. Both these parts constitute the Aura of the bodies and each body has its own Auric field that does different things.

- *The mental body itself is the link between both female and male. The male controls the logical, everyday consciousness, while the female is the dream-state. The female part contains both subconscious and unconscious parts of the soul. When the female and male part is fused through work on your Astral body, you "touch" your higher level soul.*

These parts of the Soul act at the same time and with one another, directly influencing one another, to bigger or lesser degrees . **The Astral body is the link between the Higher Part of the Soul, the Real Soul and the conscious/dream bodies that we have, that is dimensionally higher than the present 'ego' and is touched when one is advancing in meditation.** When one works and strengthens the astral body, a fusing starts happening, between the higher body [Real Soul] and the lower body [the present Male Active and Female inactive part of the Soul, in the

present incarnation]. As the Astral body becomes able, more and more of the "real self" [what we today call the unconscious part of the mind, Kundalini Self] is becoming apparent in the everyday consciousness and in the sub conscience.

- *There are 3 parts to a soul: Higher, Real and Dream body. When working and meditating, a fuse between the Real soul and the lower body (current) happens and becomes more able to be the "real self".*

The unconscious part can really become conscious but this is a long, very long process and it's through this one becomes a God. Ideally, the Magnum Opus is when this fusion happens and one is again their real self, that has all their past life memories, all their past life knowledge and so forth. The higher part of the Soul is actually conscious and on the lower behalf of the body and Soul is the Kundalini Serpent. This is the Higher Mind. The Kundalini Serpent is actually what Father Satan gave Humanity in order to save us from this vicious circle of the "rotar". The "rotar" is actually of the lower existential consciousness and of the enemy, where there is the vicious circle of "karma" that keeps people blind as to the real reality, which is Spiritual. It's the vicious circle of death and rebirth, good and bad and so forth, from which Humanity is ideally meant to escape, but the enemy makes sure to keep people stuck in, in order to exploit the lower beings.

- *When you master the unconscious, and make it conscious, you become a God. Rotar is the cycle of lower existential consciousness and Father Satan has given us the Serpent to wake and save us from this horrid cycle of karma and pain. The enemy tries its best to keep humanity in this cycle.*

What you are living today and doing is also stored inside your unconscious part of the Soul. Stronger events have a bigger impact and are imprinted there. This is the "bank" of your Soul memories. This includes knowledge of past lives and so forth. These parts of the self can also be regained through this process which is called the Magnum Opus.

- *Everything you do, even if you don't remember right now, is stored in your unconscious part of the soul. When you reach the Magnum Opus, you unlock this side of the soul and are able to remember everything , all knowledge from both now and the past.*

The mortal body is meant to become immortal through the Magnum Opus, which is the final goal of spirituality. Though, when the fixing of the Astral body has happened, one will not perish in the afterlife and they will not wither away like other Souls who are not worked upon, after they physically die. By that way, they can incarnate when they want and they can be self-sustained. Also, one will have the necessary power to tread the astral realms and so forth, which is important, and also Satan and the Gods protect people from nefarious astral entities. Dedicated Satanists at their moment of death, no different than Ancient Egyptians, are taken by the Gods to a special astral plane until they reincarnate. Those who haven't reached

that state, though, must re-incarnate before they dissipate so they will not wither and die. Satan though keeps people who are before that state if they are willing and they are sustained, if there are reasons for that. If not, they will be reincarnated.

- *When one fixes their Astral Body (works and advances it) one will not perish and wither away like other souls. This means they can be self-sustained and reincarnate when they want. Even if an SS has not reached that point, Satan will still protect and watch over the souls and help them reincarnate. Satan may keep some of these before SS, if there is a reason for it, if not they will reincarnate.*

All the bodies are inter-connected and all influence each other. This means something simple. The highest part of the Soul that Satan retains throughout reincarnation and the Gods keep, is influenced by the lowest half of the Soul which is the Physical and is directly linked to the Male part of the Soul, that we change in every lifetime and requires energy renewal until it is fixed through advancement. In other words, as the Astral body advances and you empower it, you empower all parts of your being and not only the body in itself, but the Higher Soul. The power raised through this action empowers your real "Soul", the real "ID" of yourself. At that point, all your progress adds up, so you do not really start from "ground zero" in the next lifetime. You do, but the memory and the openness is there, so states are re-attained real faster than before.

- *All the bodies, both spiritually and physically affect one another. As you advance your Astral Body, you advance all the rest of your bodies with it. Everything you do with your lower Male parts of the soul have an impact on your Higher soul (that Satan keeps). The male part of the soul is what we change every lifetime and requires energy renewal until it is fixed through advancement. Every lifetime, your progress adds up in your soul, so you never start from ground zero.*

When someone physically dies, they experience an opening of their own "Highest self" but this only lasts until the physical body has died. Most do not even have any memory at all and most cannot even "get" to that state to actually get a glimpse of this body/Soul part. This is because this consciousness is too high and they are unable to get a hold of it, let alone understand any of it. So when one dies, they simply leave their dead body and the conscious part of their Soul [the Astral body, the body of Astral Projection] exits. It stays into the Astral realm and slowly dissipates. How fast or if it will dissipate depends on many, many things. Dedicated Satanists at that point, no matter how far they are, are being taken by Gods like Anubis and other Gods, so their astral body is escorted into a safe Haven for our Souls. They are sustained there until they reincarnate. With the Astral Body, which is the closer link and contains the "Higher Soul" or the "God part" they are reincarnated again. The Astral body contains inside it two things and a third thing which is the fusion of both. The male [lower Ego part conscious consciousness, Pingala

consciousness], the Subconsciousness [female part of the mind, Ida Consciousness] and the unconscious part which is more or less latent [depends on advancement, Shushumna/Kundalini consciousness] and its purpose is to transform both and save their progress and powers. The female part subconscious of the Soul, the Kundalini, does what is natural and is always striving to meet and connect with the male, conscious part of the Soul. The union produces the third part, which is the open door to the Unconscious part, the Kundalini part.

"Unconscious" is only a term. Infact, it's supreme consciousness, but not in any way like the walking consciousness. This waking consciousness is only a part of the whole deal.

All consciousness that is of the Astral body [conscious consciousness] gives place to the unconscious consciousness of the Higher Part of the Soul at this point of the Soul entering the Fetus. When one enters, the "Ego" part of the Astral body that they had in the last lifetime and they went to Duat with, dissipates again and they gain a new one, the one they will be born with. This part is given to the child by the parents and directly influences the Physical body as well and this ties into the Racial criteria as well. This is why National Socialism is as it is, and is of the Gods of Hell, but this is a whole other matter. What can be said simply, the better the body, the better the expression of the Soul. The enemy gives their all to destroy the genetics of Humanity for that reason. For this fusion to be able to happen, there has to exist a couple of Humans that are able to give the Soul the genetic material/physical material it needs to actually 'stick' to the body, so it can express itself and advance in the given body. The "Ego" part of the Self is being changed in every lifetime and with it, all conscious knowledge and sense of self is gone forever from Male conscious approach and is being saved inside the Kundalini/Unconscious part of the Soul, yet the female part of the Astral body or the Unconscious part [the Kundalini, the real Self, the Shushumna part of the Soul] remain intact but latent until activated, inside the Soul. In there the powers of the Soul are contained, the memories, the knowledge and anything else. When one is born, they swing again to the new Male conscious part, which is to a degree, connected to the Female part of the mind. How much one will be fused and aware depends on the level they had in their past lifetime. That's why some people are born very powerful, some less, some very aware, some less aware and so forth. And the process goes on and on until its finalization. At the moment of entering the fetus, the "Ego" part "dies" at this point and with it, all conscious knowledge of the last lifetime. The unconscious part [the Female part of the Astral body] though operates when one is in the womb fully and then for the first years of one's life, with depending power, as it remains intact as it reincarnates intact. This is why some children have memories from past lives and they lose these later, while others do not. The female/latent part of the Soul longs to be connected to the new Active Male Part. That's the fable of Eve giving Adam the Apple. Eve was tempted by the Serpent and gave Adam the apple. Then they both ate the Apple and they became as the Gods. Reincarnation is mandatory simply because the Male Part is the bio electricity of the Soul, the conscious spark of life, the part from the greater Serpentine energy

that we have in our conscious availability to live and is given to us by the physical birth.

The meaning though is to be self sustained as a Soul, as stated earlier. The enemy did their best as in threatening Humanity and in cursing them as to not attain this state of being.

The knowledge of past lives does not literally exist in the Unconscious/Kundalini part of the Soul as mere "knowledge" but it manifests inside the life in the lower levels in many ways, until it's finally accessible in such way that it can be rewired into the present mortal part of the mind, in the form it used to exist. In other words. It's not lost, but to literally re-absorb it, one can only do this after they have raised the Serpent. This force manifests so long that it's allowed and accepted. For instance, if one is a Satanist in a past life, then this unconscious part of the Soul urges them to rejoin Satan in the present lifetime and so forth. Ultimately, it really opens up and operates, after they are Ascended. The raising of the Serpent unites the Male part of the Soul [the "Ego" one has in every lifetime] with the female part of the Soul [that remains only half intact after reincarnation, because as we are young it gets programmed by others - this is the door to the higher part of the mind] and they both unite and fuse with the Higher Self/ Kundalini part of the Soul [in which the real Soul ID that existed in all lifetimes and so forth, the real self exists]. The Rising of the Serpent is the ground upon which the True Self of all lifetimes is experienced and is becoming reality. When this happens, the door is being opened and is accessible to this higher self, for whatever purposes. You might think this is the end, but in reality, it's the new beginning. That's why DEATH and DYING and finally, RESURRECTION have been major themes in our Religion throughout the Ages. The consciousness from there on is totally perfected and reform and this is where the Purpose of Being is realized and new states of being have been achieved. The Truth becomes a part of our awareness. Through this consciousness and the help of our Gods, the physical body itself can be made immortal, which means one does no longer have to do this vicious circle of changing active parts of the Soul in every damn lifetime.

The Gods give us this opportunity and also, Satan gave us the Serpent and the Higher Part of the Soul in which who we are through all this still preserves and lives and we carry this with us, so that existing over and over until we are finished and perfect is not totally needless. Even if one does not reach the Kundalini ascension fully in their lifetime, they carry with them in the latent part of the Soul the knowledge of how to get there faster, and also they carry the factors that contribute to doing this faster and faster in the next lifetime, so they can finally complete the work. For some it might manifest in making evolutionary leaps, for others in their natal chart, for others in faster advancement and in a sense of "what to do" and in many other forms. Being with Satan manifests in many ways as a wake up call to get to Satan and Satanism, or interest in the Old Pagan religions, or whatever else. For some it might also manifest itself as in raw power, for others in all the above. You get the meaning behind this, not everyone is the same.

So now you know with Satan, you have nothing to fear. Satan is our Creator God and made us in such a way that existing will have a meaning. Respect Satan and treat him with Reverence. If you are too blind to realize why, know that others are pleading for his help, even if they do not know the Truth. They will realize it when it's probably too late. All Ancient Civilizations did warn again and again.

Also, another thing that needs to be touched is the principle of dimension. While we, all Humans might inhabit the same physical dimension, astrally this is not so. There are lower vibrations and really all kinds of places into the astral realm. When the Soul is weak and on a low vibration, it is synchronized and drawn towards these dimensions/realities that are of low existential quality. As we said earlier, everybody influences every other body. So when we think of something [Mental body] over and over, we are "tuning in" to certain places/vibrations. This goes deeper but I just have to touch the subject. This conditions the Soul to enter certain places. For instance, if one is mentally sick or somehow likes murder or sickness or whatever, they draw these things into their lives, they are tuning into this and this type of dimension. If one is simply delving on the physical dimension or the 'astral' of the enemy, the xian mindsets and stuff, they are tying themselves in the most destructive energies, physicality, death and so forth, in the extremes. When someone simply thinks of something, this is the Male part of the Consciousness. This directs energy on the moment. When one is ingrained with xianity and the kike programs, this goes into the female part of the mind, it's constantly attracted to and towards. So when they die, if they were good sheep, they will get abused further by the enemy, as they are their loyal slaves. When the sicknesses in the Soul, the low vibrations and the low level of being are left untreated, Humanity sets itself in for great damages that are beyond present day comprehension. No matter if one is aware of these laws, the Universe and themselves are still working with these laws and the enemy uses these laws against the unknowing cattle.

WITHOUT KNOWLEDGE THERE IS NO SURVIVAL- KNOW THIS. And disobedience of these laws will result in Death. Xians fixate on depression, self loathing, self hate, avoiding knowledge, being OK with being slaves of the jews and any and all destructive qualities that are against survival. For that reason they attract these into their Soul, Mind and life. While in the physical realm this might not manifest instantly or does partially [they do manifest this, as in fatal diseases, destruction, death and so forth] the Astral is even more "Fast" in its materialization. Thinking is creating, as though power is creative force, and that's why xians are told to endlessly pray to "jesus", because he never did exist, to create him, so he can prey on them. Jesus is JHVH, Jesus is from where the thoughtform is charged by prayer, JHVH is from where it exerts power and influence to help the kikes achieve their ends. JHVH is solely a "god" for the jews and also, these malignant filths are in terms with real bad enemies that can plague and destroy Humans that fall to their level. "Falling" ties in to the above. Their failed and eternally impossible wishes for Satan to "fall from heaven" in the bible and all that filth is actually to try to get

Humanity to a lower level, as Satan is our God, the God of the Gentiles. When "we fall" to their lower astral and terrific realms, by thinking, acting and even worse, being xians, then the person is set for all kinds of horrors and destruction. That's the whole aim of xianity and the Abrahamic programs, exploit and parasitize and then kill the victim. This ties into the above and the merciless nature of reality, so enough said. These people who disregard these things are total idiots. These Truths cannot be realized without an Open Satanic 3rd eye and this is the meaning of the Capstone of the Pyramid. When one is blind, even if they intellectually know, they cannot apply. This is not the case for us.

As for xians. I feel literally sorry for them, but without any mercy as they are stupid and nature does not forget stupidity or ignorance under any shape or form. The enemy ET's and the people of the enemy, lie to these people endlessly. The Egyptians and all other Pagans have stated it clearly, without the 3rd Eye and the Serpent, one is blind and a slave. This is totally True. The xians never even believe in an immortal part of the mind or Soul, let alone approach it ever, even by accident. The enemy simply wishes to destroy them fully and totally. As we said earlier, all bodies of a person are interconnected with one another, from the Physical, reaching upwards to the "higher self". That means celibacy, self loathing, punishment and self destruction and everything else influences to a degree the higher part of the Soul and is being recorded therein. One can see where this is going to lead in successive lifetimes. Being a slave and so forth, conditions all the parts of the Soul to be that thing, even remotely. So when xians abstain from sex, or they abstain from their creator Satan and go against nature, they are causing major debilitation not to their conscious parts, but on their unconscious part of the Soul, the Higher Self, in which there is memory in successive lifetimes. But who gives a shit for that, right? They are with the enemy anyway and the enemy is not sparing them or cares anymore than to destroy them. So basically, the first punishment a xian/muslim and the followers of the kikes get, is they never get to even remotely see or feel, let alone be, their Real Self. Not meditating and being Human is an existential crime, that most cannot even remotely comprehend. You are going against the natural flow of things. This is something ET's from out there know and we are no more apes compared to them and what they know. The nefarious enemies of Humanity exploit this blindness and have been doing so for a long time.

Back to xians and blinded Abraham now. They are totally disconnected from their Nature, but Nature itself as well. Whatever disconnects from Nature or the Shakti, Mother energy, is bound to die. They are totally spiritually blind. As stated earlier, at the moment of death, there occurs a sudden overflow of the state of Samadhi, for those who are able to experience it and only them. People who haven't had any of this, will simply be unconscious of this state, experience their physical death and exit the astral. But because the enemy keeps people ignorant and at the very best, their whole 'spiritual experience' and even at death, they will experience few if any things. Many will simply exit the body and because they have been so attached to physical reality will get to still do what they did physically, only in the astral realm. This is only for those who have SOME astral senses open. If they do not, they simply remain in a

state of 'blackness' or the 'blackness of death' that many are so afraid about. This is the lack of all external Astral consciousness. Xians cannot deal with that state and simply stay there until their dissipation. Others who are by their nature more powerful, might reincarnate and find their way. There are truly infinite wrong ways to go after death and during "life" [or a life of and for death as they live] for those believing in the jewish lies. That's why many ghosts haunt certain houses and many ghosts are seen doing the same things they did as when they were alive. Many try to stay close to their family and so forth from fear of death, after they are physically dead etc. The character we have had in our lifetime, the lower character, is still intact after death. The thinking and so forth remains the same. What happens is slow dissipation, depending on many factors. This goes and goes, until the Astral body of the xian victim runs out of energy. Also, due to lack of spiritual protection, they are simply wandering there for any stronger enemy to do with them as they please. They can be astrally imprisoned and so forth. Without the necessary knowledge which reinforces it. The devout xians who are in sync with the xian teachings of Hell and this other filth, because they are 'attuned' to this thing, upon death, can actually get to these lower dimensions.

These dimensions range from dimensions of total ignorance, to actual "hell" made on by the Jews and their spiritual 'beliefs' that have astrally materialized such concepts. This astral body they have once dead is susceptible to any attack, any force, any energy but above all, it's open to whom it's programmed to be open, who is the enemy and the Jehovian thoughtforms and entities, which are deadly and nefarious. Stray thoughts and no experience with the Astral make one dumb to how it works and this leads to death. As their astral body is more or less a mass of energy and consciousness, the enemy takes these beings and gets them to the massive thoughtform they name "JHVH". Xians are taught all their life to be submissive, ego-less, unnatural, and above all, faithful and sacrificing for the kikes. This is for one reason, to serve them in this life and then perish in the other, so the kikes can do as they please with their Souls, as they have control over those who are in their Astral Level. If the xian is "accepting" of it, they are assimilated inside this thoughtform and good bye existence If not, they are left away to wither away on the Astral. They can also astrally die and wither away like any other energy. Xianity is all about death anyway. There is no 'eternal' life, but only what xianity promises and is about: Blindness and death. Satan and the Gods try to get some worthy Souls to be saved and they reincarnate them, as Humanity is Satan's creation. But since we are self conscious beings and some choose to be blind, this is where free Will comes in. It's existentially wrong and unethical for Satan to help people who have scorned Him in their lack of intelligence their whole shitty momentarily life. Satan has to help his loyal ones. If Satan and the Pagan Gods desire so, they can and they are saving some xians whom they judge they have simply been blinded. This is all done in accordance to Divine Will. This is the message of the Egyptian Papyrus of Ani where one is judged, aside of the Spiritual Allegory. If one is legit and has been in alignment with Truth and close to the Gods in spirit, they survive and they sustain themselves. This is only partially ethical. What it is is existential. If you deny the laws of Nature,

"Sobek", the "Crocodile" God will "devour" the person. This has to do with being low in understanding, as in one getting consumed by the strength of Nature and animalistic laws of nature. The Greek legend that when one has a physical body, they are befallen, is because in every reincarnation we have to go through the same process of uniting the Higher part of ourselves with the Lower part, the Higher part of the Soul, with the lower parts.

With Kikes, you will always lose. As there are merciless and destructive forces everywhere, they are this force in the Earth. You can see this in how easily they murder people physically and in any other sense, or through their programs.

Reality and nature do not give a fuck, they simply go ahead. Only Satan and altruistic beings actually give a fuck about Humanity and that's the sad Truth. Altruism is like anything else found in the Soul and in genetics. It's the natural outcome for allied beings to be altruistic, good and understanding so they can collectively survive and when aware of it, go with the laws of Nature and evolve aside with the Cosmos. Every being is meant to give a fuck about themselves or there is no survival, so simple Many do not even realize they have died and only do so after a point. The first part is caring and sustaining the self and then the group. The stronger is meant to help, if willing, the weaker beings. Nature is not going to give a fuck because you didn't develop your 3rd eye in your life, or because you did not "know" or "bother". NATURE ALSO REWARDS "WORK" AND STRIVING WITH GREATER ABILITY. ANOTHER ATTACK TOWARDS NATURE IS THE ENEMY TEACHINGS THAT "EVOLUTION WILL HAPPEN ON ITS OWN" OR FAKE SHIT LIKE "EVOLUTIONARY LEAPS". This is a big trap to keep people in inaction, no different than the idiots who are waiting the kike to descend from the clouds and make give them some 'promised' shit. Nothing in nature that doesn't work or strive survives. It withers and fucking dies. This applies to everything and anything in nature. If you work with her, she will reward you. If you go against her, you will be overtaken by the downward flow of the weeding of the inactive disposal. If you remain inactive, other forces will eat you up. The real meaning of "submission" is submission not to any other beings, but in the sentimental laws of Nature herself. Xianity took this and maligned it to being submissive to some kike torturer or some clique of astral bastards and weaklings that prey upon Humanity. As right now the center of the Galaxy rotates and is filled with the energy of movement, the Serpent energy, the same goes for the Satanic Serpentine energy. This flow can only be worked with and can only be manipulated from within, not from without or disassociation from it. Working with it and going with it will make you eternal and this is only a natural occurrence. Satan helps in this.

The "eternal life" concept is stolen from Satan and Satanism and in how the Pagan Gods helped our people for so many thousands of years, before xianity spawned its nasty head. Still nowadays the same persists and exists. Ptah/Satan and the other Gods took the Souls of dedicated people to Duat, they still do. Real spirituality does not change with the times and is not a fashion. Xianity is just what's in the jewish fashion nowadays. Today's fashion is malfunction. In this dark age, life is mistaken

for death and death is mistaken for life. "Jesus" and "Jehova" is mistaken for Satan, the One and Only creator God and the real Father of Humanity, Satan, Is mistaken for the evil one. But the dark ages of the enemy are moving towards their end. The whole stock of enemy being and theories is few things: Totally physical striving and thinking, totally destructive type of "spirituality" and for those who do not believe in that shit, "live fast die young" theories, so they are in friendly terms with death and attract DEATH and DISSIPATION to themselves. With jews you lose.

Also, I need to address National Socialism. Yes, this relates to all of that, no matter if one can easily understand this or not.

"We are Nazis"- Mother Lilith.

There are some who do not see the link between our Nazi beliefs. The enemy tries to claim they are disconnected to our Spiritual teachings. This is all a bunch of lies. Most people do not understand the inner conception of National Socialism. National Socialism isn't about having some certain physical features and only this, but is for any Gentile Race to spiritually survive, as well as physically. As explained earlier, the Soul has to have a body and has to reincarnate until it reaches the level it should. A forum contributor explained this in the "Metagenics" Sermon. The Soul can be fully expressed through a body in accordance to what the Real Soul is. For instance, one has to have a Human brain to be able to have a Human consciousness and so forth. The same goes for advanced parts of the mind and states of being, one has to have the necessary "ground" upon which everything will materialize and be achieved. The enemy, while keeping their Race clean for this purpose and following strict racial policy, promotes bastardization of Gentile Races, as to where we will all be a soup and the individual Souls will not be able to reincarnate. They are doing this so that the Souls that are most advanced will, according to the enemy's hopes, not have bodies to come back and destroy them. This also includes everyone else. That's why it's important for everyone to sustain their Race, because through the Race do live the Souls of the dead of the Race. In a sense, when someone has a child, they are doing this to be able to reincarnate later into the same racial line. At least this is the healthy part of the flow of things, that the enemy tries to destroy. This is to ensure evolution of the Spiritual/Physical complex of our Gentile people. Our Adolf Hitler clearly stated that National Socialism is a religion in its essence. And this is our religion, Spiritual Satanism, Paganism - Our Gentile Religions. For beings against us who are aware of all these universal rules and laws of Race, this is a method of warfare that is being used against us. This is why in the deep spiritual level Communism is murderous and nefarious and we are against this, because is a jewish weapon to enforce race mixing. The jews meanwhile as they pamper that shit down everyone else's throats, are having strict Racial laws in the otherwise "liberal" year of 2015, so strict as they blamed the Nazis to have. Do you see what they are doing now? You see where they are going and how deep the rabbit hole goes?

Father Satan wants us all to be able to see. Open your eyes and you see Father

Satan. And when you do, the moment you will understand Him, you will be His forever, as His Spiritual progeny and Soul child. May Satan bless you all and keep you strong in the Path. As the Egyptians would say, there is not a worst action than going spiritually blind. SPIRITUAL BLINDNESS IS THE MOST FATAL OF ALL MISTAKES ONE CAN COMMIT AND THE ONLY REAL DISEASE- THE ANCIENTS HAVE BEEN SCREAMING IT FOR YEARS, HAVE BUILT MONUMENTS AND HAVE WROTE ENDLESS BOOKS TO EXPLAIN THIS AS BEST AS THEY COULD. YOU KNOW ABOUT THEIR CALL. There is also no bigger criminal and murderer than he whom keeps the people blind, be it ET or being a kike trying to deter people into being spiritually dead sheep. For this reason the enemy must be destroyed in any and all places by Spiritual means. Satan is willing to help us and assist us in that goal.

Father Satan wants Justice and Revenge against these beings who are trying to hinder us for so many hundreds of years.

YOU MUST FIGHT AND OBLITERATE THE DARKNESS AND IGNORANCE, ABOVE AND BELOW. THAT'S THE PURPOSE OF SATANISM!!!!!!
