

LEAGUE OF WOMEN VOTERS OF WASHINGTON

Celebrating America 250

Statewide Civic Book Club Series

A message to Chapter Presidents

We are launching a statewide civic book club series as part of Washington State America's 250th commemoration — and we need a small, enthusiastic committee from around the state to help make it happen. We hope you'll share this opportunity with your members.

ABOUT THE SERIES

Two to three books, each paired with a live author conversation or Washington expert — open to all members statewide via livestream.

First event: Late July 2026

First book:

How The South Won the Civil War

by Heather Cox Richardson

Future books will spotlight:

- Native American history and contributions in the Northwest
- Washington women leaders and their legacy

JOIN THE PLANNING COMMITTEE

We are forming a small statewide committee. Members will help:

- Finalize the series name
- Help select books
- Coordinate with local leagues
- Promote events statewide, including to libraries and bookstores
- Assist with livestream logistics
- Develop discussion questions and reading guides
- Gather feedback after each session

INITIAL TIME COMMITMENT

April – June	~2–3 hours/month
Event month	~5–6 hours
Plus reading!	Each book, of course 

Interested? Know a great candidate? Please reach out!
