Opening Ceremony

Timetable:

Time	Speaker
09:30 – 09:36	Dr. Ray Cheung
09:36 – 09:42	Mr. Jens-Peter Brauner (Siemens Mobility HK CEO)
09:42 – 09:48	Mr. Anson Shen (Huawei Chief Strategy Officer)

Topic selection: <https://forms.gle/vvkTGmQgyt8Qtp777> (Closed)

- A problem statement for each topic will be disclosed on Jan 29th, during the opening ceremony. After that, your team will get to choose one topic (AI / Fintech / Edutech / Biotech). A Google Form URL will be provided and you should submit your preferences (one submission per team). Teams will be assigned based on a **first-come, first-served basis** and the assignment will be announced during the opening ceremony.

Pitching & Judging

One round of Pitching session:

Final Round Pitching

1. <https://cityu.zoom.us/j/99883967052?pwd=bXBadGkxbms4aINrQ3Q0RTYvYVFRdz09>
2. Teams will be separated into 4 breakout rooms.
3. Only 4 teams (with the highest marks in the First Round) from each topic will do the final round pitching.
4. Shortlisted teams have **1 min buffer + 6 min to present + 4 min** of Q&A.
 - a. The co-host will start the stream in Discord for audiences as well.
 - b. Each team can send out 1 - 3 members to present.
 - c. **Please do not attempt to unmute yourself or share the screen before it is your turn to present.**
5. Judges for each topic will be judging the teams together, and every participant should join the session.
6. Participants are asked to leave the zoom after pitching as the breakout rooms will be provided for judges to discuss with each other.

Vote for the Best Team

7. Please Vote for the Best Team Award:
(https://docs.google.com/forms/d/e/1FAIpQLSdFFJGT3PhEWp1Xhd_RfuJHvjtkNoyBg5T7RpsJbQjLry-cw/viewform?usp=sf_link)
while waiting for the judges to finalize the marks.
8. Can't vote for yourself XD

Judging Criteria

Originality & Creativity	The project demonstrates insight into the problem that inspired a creative and original solution.	15%
Technical complexity	The technical skills and concepts applied. To measure how well the participants understand the technical skills and concepts based on the demo.	40%
Practicality & Usefulness	Does your product serve a purpose? Justify if the presented solutions can be implemented in a practical sense.	20%
Content Completeness	How thorough the solution can you come up with and on what standards can the problem be solved.	10%
Pitching Skills	The project should be presented well, in a professional and to the point manner, covering all of the above aspects in the specific time frame	10%
UI, UX Design	There should be a reason for the application to look the way it does (e.g., why are the buttons placed as they are?) Does the application look appealing to the user? Is the application user-friendly?	5%

Submission

Please submit your project (including presentation slides and prototype) by **1:30 pm on 31 Jan 2021.**

Below is the submission checklist:

1. ReadMe.md file
 - a. Template: https://github.com/CityHack22/cityhack22.github.io/blob/master/Participant_Resources/Sample_Submission_ReadMe.md
2. Presentation slides
 - a. Template: https://drive.google.com/file/d/1am66_b7qmneHzXDhdechHKJMgaQ0ZyT1T/view?usp=sharing

**** Only Team Leader, please submit your team's Github Repository link and presentation slides in PDF format (rename it as "<YOUR TEAM NAME>_<YOUR TOPIC>_CityHack22")**

- a. AI: (<https://forms.gle/5qQcmkVvrvFwBvJ49>)
- b. Biotech: (<https://forms.gle/UPE1GxSECYjNW8pR9>)
- c. Edutech: (<https://forms.gle/P55JNcwSnnA7DFwN6>)
- d. Fintech: (<https://forms.gle/wW4Br9GFXpSgUBwz6>)

Rules & Terms

Participants & Team

- Every student (Bachelor's Degree Year 1 - 5, Master's Degree, Ph.D. Degree, Fresh Graduate, Alumni) from all Hong Kong universities are welcomed.
- It is a competition tailored for Hong Kong University students (including locals and non-locals). However, participants from other overseas universities are allowed as well. But please note that the participants from other overseas universities may not be eligible to receive the souvenirs and prizes.
- A team should be composed of 3 - 5 members, over half of the HK university students (local or non-local) is required for each team.
- A team should have at least one CityU student to receive the HK Tech 300 seed fund
- Please create a team with more than 2 members by the end of 26th Jan. We are not responsible for finding a team for any participant. Please find your teammates in Discord channel 'team-up' and submit the registration form.
- Every team needs to prepare their own equipment such as laptops, mobile phones, and chargers.

Competition & Project Submission Rules

- Participants should only start working on the project on 29th Jan.

- Projects must be submitted before the given deadline. Once the deadline is over, any modification and resubmission are not allowed.
- If the projects are lost, submitted for the delay, or delivered incorrectly, the organizer, implementing partner, and co-organizer will not bear any responsibility.
- Projects must not have any obscenity, violence, pornography, jealousy, bad consciousness, insulting elements, or any controversial or inappropriate content. The organizer reserves the right to cancel the qualifications without further notice to the participants.
- Participants must ensure that the majority of the work is **original** and has not been published, the code will be verified by a **programming code checker**. It is strictly forbidden to steal or use other people's works. Projects may not infringe on the intellectual property or privacy of others. If there is any violation, it will be canceled or eligible for the award. If there is any violation of the law, the organizer, implementing partner, and co-organizer will not bear any relevant legal responsibilities.
- Projects must be responsible for obtaining legal authorization if they refer to other people's works as materials, such as music, images, videos, or video clips. If necessary, the organizer/co-organizer may require the entrant to provide written authorization of legal authorization.
- The results of the competition are determined by the competition jury. Participants and others are not allowed to object to the results and awards.
- If the project is found to be in violation after the award, the organizer reserves the right to cancel the project of the offender and withdraw the prizes/souvenirs.

Others

- Organizers, implementing partners, and co-organizers have the right to use, publish, or display the entrant's information (including their name, school name, and photos) for promotional purposes.
- Winners must agree to accept any form of interview or promotional event arranged by the organizer, implementing partner, and co-organizer without charge.
- The organizer reserves the right to change and amend the terms and conditions of the competition and has the final decision on the outcome of the competition. No one can object.
- If there are too many participants, the organizer has the right to close the registration and make a preliminary selection.

By registering for the competition, the participants and the unit fully agree to the above terms and conditions.
