

Privacy Policy — SteadyMotion

Last Updated: 26 November 2025

SteadyMotion (“the app”, “we”, “our”) respects your privacy. This app is designed to function primarily offline and does not transmit or share user data externally.

1. Information We Collect

On first launch, the app requires users to enter the following personal information in order to use the app:

- First name
- Last name
- Email address
- Phone number
- Age
- Gender

This information is entered directly by the user and is required to enable core app functionality.

No financial information, health records, biometric identifiers, or precise location data are collected.

2. How Information Is Used

The information collected is used solely for local, on-device app functionality, such as:

- Creating a local user profile
- Displaying user-related information within the app
- Supporting app features that rely on basic profile details

The information is not used for advertising, analytics, tracking, or marketing purposes.

3. Data Storage and Security

All personal information is:

- **Stored only on the user's device**
- **Processed locally within the app**
- **Not transmitted, uploaded, or backed up to any external servers**
- **Not shared with the developer or any third parties**

Because the data remains on the device, SteadyMotion does not have access to user data.

4. Data Deletion

Since all data is stored locally on the device, users can delete their data at any time by:

- **Clearing the app's storage in device settings, or**
- **Uninstalling the app**

No remote data deletion request is required or supported.

5. Sensor Data

The app may use device sensors such as the accelerometer or gyroscope to analyze movement. Sensor data and any generated results are processed and stored locally on the device only and are never transmitted externally.

6. Third-Party Services

SteadyMotion does not use third-party SDKs or services that collect user data, including but not limited to:

- **Firebase**
 - **Google Analytics**
 - **Advertising SDKs**
 - **Crash reporting tools**
 - **Cloud services or external APIs**
-

7. Internet Usage

Internet access is not required to use the app. All core functionality works offline.

8. Children's Privacy

SteadyMotion is intended for users aged 18 and older. The app is not designed for use by children, and we do not knowingly collect personal information from minors.

9. Contact Information

If you have questions about this Privacy Policy, you may contact us at:
