

Class 3

- So nearly working about a year was surprising to me because I used to do short-term jobs for one week or one month period.
- Since we became juniors, we've had hectic schedules.
- ~ and sea walking that is an activity in which you can walk in water with a variety of fish.
- I studied English hard in order to take the TOEIC.
- If I could travel any country, I really want to go to Finland and Japan.
- In Finland, I want to feel and know what is relaxation of Life(I wanted to say 삶의 여유)
- I did not go to some famous tourist attractions in Seoul even though I visited there more than 5 times.
- Luckily, our society has great opportunities to find any information that people need on the internet.
- At the end of my self-introduction, I would like to share a small story about my first crush at the age of eight.
- I hope my introduction could help you to understand briefly what kind of person I am, and I also hope that my stories could improve the mood of the reader.
- "IMAX" cinema
- considering how much we had, we'd continuously used it before we left
- it was also a chance to broaden my mind 시야를 넓히다.

We can't find every meaning about a movie at once.

We can't find every meaning in a movie at once.

It is a method to discover new things

My part time job makes me sure to become a teacher.

gave me the confidence to become
made me want to become

It was so much funnier than I expected.
I had so much more fun
It was

Food! The food was amazing. that i will never have a chance to have high class food for free.

I don't think I'll ever have another chance like that to eat high class food for free.

My mom said ... I don't want leave here and neither did I
