The PVPA chapter of the
National Honor Society
is accepting
APPLICATIONS!

The National Honor Society (NHS) is the nation's premier organization established to recognize outstanding high school students. Membership in the National Honor Society (NHS) is one of the highest honors that can be awarded to a high school student. Our chapter strives to give practical meaning to the Society's standards of scholarship, service, leadership, and character. These four ideals are considered as the basis for selection. **No student is inducted simply because of a high academic average, though a 3.6 cumulative GPA is a requirement.** The National Honor Society strives to recognize the total student—one who excels in all of these areas.
