Node.js Foundation Package Maintenance Team Meeting 2019-04-22

Links

* **Recording**:
* **GitHub Issue**: https://github.com/nodejs/package-maintenance/issues/196
* **Minutes Google Doc**: $MINUTES_DOC$

Present

* Michael Dawson (@mhdawson)
* Emily Platzer(@craftninja)
* Dominykas Blyžė (@dominykas)
* Lance Ball (@lance)
* Hassan Sani (@inidaname)
* Ahmad Nassri (@ahmadnassri)

Agenda

Announcements

*Extracted from **package-maintenance-agenda** labelled issues and pull requests from the **nodejs org** prior to the meeting.

nodejs/package-maintenance

* Session at Node.js collaborator summit
[#189](https://github.com/nodejs/package-maintenance/issues/189)
  * No comments, seems good. Michael will submit.

* A first draft of testing guidelines
[#169](https://github.com/nodejs/package-maintenance/pull/169)
  * lets land as first draft and then iterate.

* \[baseline practices\] .npmignore or package.json files
[#164](https://github.com/nodejs/package-maintenance/issues/164)
   * just needs a review and then can land

* Create a "support section" validator
[#161](https://github.com/nodejs/package-maintenance/issues/161)
  * continue to work on through the issue.

* add deprecate guidelines doc \[draft\]
[#150](https://github.com/nodejs/package-maintenance/pull/150)
  * needs reviews to land

* Which Problems Node.js OSS maintainers/authors face today?
[#113](https://github.com/nodejs/package-maintenance/issues/113)
  *

Project Board Review (maybe, if time permits).

Ask participants about the state of [Project
Board](https://github.com/nodejs/package-maintenance/projects/1) and necessary changes if time permits.

* Ahmad, Node enterprise user feedback meeting this week:
  https://github.com/nodejs/user-feedback/issues/144, have a number or large enterprise, on
  agenda to ask about packages.
* Ahmad will demo tools next meeting which help businesses understand
  their dependency tree, to help people make the case to get their org involved.
* Dominykas, was going to look at building something soon, so good to share. Somebody from
  Snyk might indicate that corporate most used modules might different than
  public ones.
* Ahmad - demo of tool he was working on https://github.com/org-dependencies

Q&A, Other

Upcoming Meetings
