

GREGSTER'S LAB

- stuff for your 6mm wargames -

Things to remember:

- I am not a pro. Just a hobby guy. Made these for myself, now sharing with others. If you have any comments, remarks or ideas about the models or anything, please feel free to contact me via gregsterslab@gmail.com
- designed by me, resin-cast by **Sebitar Workshop**. The items will be sent by them.
- The models could be fragile and require cleaning in soapy water. There could be some mold lines or mold film that needs to be carefully removed. Assembly, gluing is required. Gap filling might be needed
- The resin might be coloured, not shown on the picture. Warping is possible but can be fixed with hot water.
- **TO ORDER: send email to a gregsterslab@gmail.com to order with**

- code of the items
- quantity
- shipping address
- paypal address
- remarks, if any

I collect the orders and send them to the caster. **ONLY when all the items are cast**, Sebitar Workshop will contact you about the payment + shipping costs.

- depending on real life issues and the number of orders, it might take longer time to respond and produce the copies. All orders will be produced, even if it takes longer.
- prices are in **EUR** and postage is **only** done via **registered shipping**.
- **Approximate shipping fees**
 - under 500 gr -- 5-10 EUR
 - around 500 gr registered shipping is around 10 eur max
 - until 1kg around 15 eur
 - until 2kg around 25 eurYou will only pay the actual shipping cost + price of the box. Exact shipping price will be communicated when order is ready and cast.

We hope to increase the number of items available during the year.
