Home Language Survey

The state of Illinois requires the school district to collect a *Home Language Survey* for every new student. This information is used to count the students whose families speak a language other than English at home. The primary purpose of the Home Language Survey is to help identify students who may qualify for support to help them develop the English language skills necessary for success in the classroom.

Please answer the questions below and return this survey to your child's school.

Student's Name: _____

1. Is a language other than English spoken on a daily basis in your home?

☐ Yes ☐ No

What language? _____

2. Does your child communicate in a language other than English?

☐ Yes ☐ No

What language? _____

If the answer is YES to either question, the law requires that your child's English language proficiency be assessed by the school. Your child will be assessed to determine if he or she is proficient in English OR if he or she is an English Language Learner.
