

Traycie's Thunder Tooth, +3 Dagger  
by Traycie Puckett

This is an unusually short dagger. When checked it shows no signs of magic but seems to have a very good balance. It is +3 to hit and damage.

When an enemy is within 50' it gives off a faint rumble. Once per day upon its owner's command when this amazing dagger strikes the target an extra 6d8 lightning damage is done as sparks fly from the enemy.
