**BELMONT HIGH SCHOOL STUDENT Prom CONTRACT 2025-2026**

This contract states the rules and consequences that must be followed at the dance. By signing your name to the contract you acknowledge the following rules and will abide by them. It is understood that if you violate this code of conduct you will be subject to the following consequences as listed below. Both student and parent must sign this contract in order to buy a ticket and attend the prom on **May 29th, 2026**.

**Rules and Consequences**

1. Students must attend a legal day of school on the date of or before the dance, unless excused by the Administration for extraordinary circumstances. **Consequence: Student will be denied admission.**
2. Inappropriate gestures, language, dancing and/or behaviors will not be accepted. **Consequence: Student will be sent home and school rules will be enforced.**
3. Student must adhere to all school rules. **Consequence: Enforcement of school rules.**
4. Students will attend the dance alcohol and drug free. Alcohol use by a student is illegal and poses a serious threat not only to the student's own well-being but also to the well-being of the entire school community. Alcohol use will not be tolerated during school hours, on school property and/or at any school-sponsored activity or event during or after school hours. Students who violate the school policy on use, possession, sale or distribution may be subject to disciplinary action as set forth in the Belmont High School Student Handbook.

When determining possible alcohol use or intoxication by a student at a school-related function, the safety of the student is the primary concern. An assessment of a student's suspected alcohol use may be aided by the use of a breath alcohol testing device which indicates the presence or absence of alcohol. This is a non-invasive test which students will be asked to exhale or speak into the device. The purpose of having breath alcohol testing available is as a deterrent to alcohol use.

Procedures

A. At School or School-Sponsored Events:

1. Administrators may determine possible student alcohol use without the aid of a breath alcohol testing device by observing one or more of the following indicators:

- \* Slurred speech
- \* Unsteady gait
- \* Impaired motor control
- \* Glassy and/or bloodshot eyes
- \* Smell of intoxicating liquor on breath, clothing or person
- \* Vomiting
- \* Evidence of possession of alcohol

2. If the Administrator determines that a student is intoxicated or has used alcohol based on one or more of the above indicators:
  - a. Parent/guardian is notified and requested to take the student home.
  - b. If a parent/guardian is not available, the police will be notified.
  - c. Emergency help is called if the student is assessed to be at risk for alcohol poisoning or in need of medical assistance.
  - d. Disciplinary action will be taken as indicated in the Belmont High School Handbook.
  
3. If a student is suspected of being under the influence of alcohol or suspected of having consumed alcohol based on the indicators listed above, the Administrator in charge may administer a breathalyzer.
  
4. The test will be administered in privacy in the presence of two staff, including the Administrator in charge of the event.
  - a. If the test is positive, the student may request a maximum of two additional tests to be taken 3-5 minutes apart.
  
5. If the student who is suspected of being under the influence of alcohol or who is suspected of having consumed alcohol refuses the test:
  - a. The Administrator will notify a parent/guardian to pick up the student and detain the student until arrival.
  - b. The Administrator will consider the refusal as comparable to being under the influence and will discipline the student in accordance with the Belmont High School Student Handbook.
  
6. If any student suspected of intoxication leaves the scene against the Administrator's request:
  - a. Police Department will be contacted immediately.
  - b. Parent/guardian will be notified.
  - c. Disciplinary action for intoxication will be taken as indicated in the Belmont High School Student Handbook.

B. Student Selection:

The Administrator will determine the manner by which the students will be tested: entire group, pre-determined random selection or based on individualized reasonable suspicion. The trained Administrator or trained staff member present as such events has the authority to test and retest any individual suspected of being under the influence of alcohol even if the student has a negative test upon entering the event.

C. Student Athletes:

Students representing Belmont High School athletic teams are held to a high standard of conduct. The conduct of these student athletes is governed not only by the rules established by the MIAA but also those established in the Belmont High School Student Handbook.
