Parents/Guardians of the Senior Class:

Earlier this week the senior shirt order arrived and began being distributed to students. After further review and examination, we realized there were several errors and unintentional designs/references on the clothing apparel.

This shirt does not meet our high standards or best reflect our district, and most importantly our proud Warrior Seniors. Therefore, we are working on a plan and with the vendor to rectify this issue in a prompt and appropriate manner. Please be aware that a new order for shirts will be made at no additional cost to the students and/or parents to provide a shirt that is appropriate, corrected and can be worn proudly.

There will be only one shirt for our 2021 senior students. This means that the current shirts will be required to be returned. Mrs. Kiera, the Senior Class Advisor, will be reaching out to students that have received the previous apparel items. She will be arranging times for students to return the previous items to be sent back to the vendor.

We sincerely apologize for the upset and inconvenience that this unintentional error may have caused you and your family. We thank you for your patience as we work to correct this matter.

Go Warriors!

Sincerely,

Michael M. Brown
Principal
