Marcus Oakey

Marcus ed out as a shy, awkward guy who cracked the code to being the type of unforgettable person everyone dreams of becoming. In other words, a man who radiates charisma, which lead to more specialised work as an author, trainer, international speaker, TV pundit and creator of the Conversation Masterclass. His strategies proved to be so effective that **he spent over a decade teaching them to students, business professionals and celebrities** alike, so that they could make friends quickly and advance their careers with ease. Even the **biggest dating companies on the planet** were soon knocking on his door, hiring him to train thousands of their clients...and even their own instructors. Marcus found that only by focusing on the fundamental skills of communication will you truly become captivating and free to talk to anyone, anywhere and become unstoppable, irresistible, and unafraid in every area of your life.
