

# IG DM outreach

This prospect "seen" my FV.

How can I improve this outreach message/Dm?

**Me**

Hey Kate, are you only be giving me one free tip during our call?

**Prospect**

Hello, I'm actually changing my services options at the moment and I don't have free calls anymore. If you'd like to discuss paid options for your individual case, just please let me know.

Me

Well Kate, I was going through your account and I actually had a pretty good idea of how you could get more clients.

Would you be open to see it?

Prospect

Not really, I'm working with my coach currently.  
If I was, I'd reach to you by myself.

It's a big "no" for me when people in this way propose me their offers. Are you really getting clients by cold reaching in DMs?

Me

I totally understand how you feel.

And you are right, if you wanted a way to get more clients, you would reach out to me in your own terms, right?

How about you just take a quick look of the free sample I made for you?
