Canyons District Hiring Process

Your application will be considered for openings during the 2025-26 school year, and also our jobs for the 2026-27 school year which will start posting in mid-March (ongoing throughout the year).

Please do not apply to individual positions. You only need one application per category of interest - e.g. Secondary, Elementary, and/or Special Education

If you find an [open job](#) that interests you and seems like a perfect fit, feel free to send **one short email** to the principal.

Principals will reach out to candidates they wish to interview in-person.

Thank you for your interest in Canyons School District!
