

**Do you remember your first day at secondary school
A recent survey showed that the 12 % of the students
are not nervous at all and the 20% are not very
nervous .**

**The 25% make friends but change them in the year
.some friends made that day continue being friends
later 40% of students just talk to their classmates and
make friends later :finally , the 35% make friends the
first day of school.**

Were you nervous the first day of school
