Our School

KnK is a large, independent academy (hagwon). As teachers, we're invested in working together and fostering a great environment for students. The majority of teachers stay multiple years.

You can find us at Migeum Station in Seongnam, a satellite suburb of Seoul. Seongnam is Korea's first planned community. It's a modern city with plenty of shopping, dining, and parks. Migeum Station is also just a 20-minute subway ride from Gangnam, one of Seoul's main shopping and dining districts. Many express buses connect us to other popular areas as well.

If you love being in the classroom and care about your students' futures, we'd love to hear from you!
