♥ Commission Guidelines ♥

(You must be 18 years or older to commission me!)

✓ Can draw:

- Any humanoid existing or original character
- Furry/anthro
- MLP/Sonic/Animal Crossing art style (falls under “Cartoon/Chibi” pricing)
- Original character designs (if given ample description/references)
- Any ships (as long as they do not violate guidelines under “Won’t draw”)
- Nudity/suggestive
- Blood/some violence
- Simple backgrounds/scenery (ex: sky, silhouette, some props, etc.)

✗ Won't draw:

- Mech, machinery, detailed armor, similarly complex designs
- Detailed backgrounds (we can discuss this if necessary)
- Detailed gore
- Explicit NSFW, kink/fetish art
- P*dophilia, b*stiality, inc*st, or similar topics

(if you are unsure whether your request falls under any of these, please feel free to ask!)

✓ You MAY:

- Post this art publicly with credit
- Use this art for personal use (phone/desktop backgrounds, etc.)
- Use this art for public use with credit (profile pictures, banners, etc.)
- Use this art as a character reference (in the case of OC designs)

✗ You may NOT:

- Resell or use this art for commercial use (ex: advertising, merch, logos, etc.)
- Claim my art as your own (including traced or edited versions)

♥ What to expect when commissioning ♥

1. Please **contact me through DMs, Discord (tomiye#9750), or Email (tomiye@gmail.com)** first in order to avoid any problems arising after payment is processed.
2. **Provide a description** of what you'd like me to draw (be sure to read my guidelines first!). Include in your description:
 - a. The type of commission (bust, waist-up, full-body, cartoon, or chibi) and whether you'd like flat colors or shading
 - b. The character's name(s) and series they're from (or whether they're an original character)
 - c. If they are an original or otherwise obscure character that I may not be able to find adequate references of online, you may need to provide them for me, either through images/faceclaims (preferred) or through text description.
 - d. Any poses, actions, interactions, etc. that you'd like them to be doing
 - e. Optional: Any additional details you'd like me to include such as lighting, color palette, effects, etc. Also if there's a specific style I've done in the past that isn't included here that you'd like me to try and recreate, let me know!
3. Once we've discussed your request, I'll tell you the cost and once we've agreed upon your request, I'll **start on a thumbnail** to send to you for approval. You can ask for any changes or adjustments to be made here within reason. Payment will only be due AFTER approving the sketch.
4. Once it's been approved, I will **open up a commission slot on my Ko-fi** to accept payment through. Refunds cannot be made after this point, unless I am unable to complete your commission for whatever reason, in which case you will receive a full refund via PayPal.
5. You will receive a **watermarked WIP** after each stage (lines, colors, etc.) is completed and perhaps more if I feel the need for feedback. You may ask for minor changes to be made here.
6. The **finished piece (without watermark) will be delivered to you** either through Discord, Email, or Google Drive (whichever you prefer) in order to avoid image compression.

Notes

- Commissions will take about 1-2 weeks to complete.
- Slots are first come, first served; if no slots are available your request will be put on a waitlist and I will contact you when the next slot is open.
- I reserve the right to refuse any commission if needed.
- I might not post every commission piece publicly, but if I do want to post your commission or use it as an example for future commissions, I will ask for your permission first!
