Special Announcement

From John Hecht.

Proposals

Randomize the draft again (Duck Race) - The intent was to create parity but it doesn't really matter.

Alternative Parity Proposal – Division Proposal

The idea:

- Create 3 Divisions w/ the members decided by the previous year's standings
- Each team faces their division 2x (6 Games = first 3 games of year/last 3 games of year)
- Each team faces non-division teams 1x (8 Games)
- Benefit - Standardizes the schedule and balances it out better than draft order

Playoff Options

Option	Playoff Teams	Detail	Seeding	Bye
1	6	Top 2 teams from each division	Division winners 1-3 Ordered by Points Scored	Top 2 Seeds
2	6	Division Winners + 3 Wild Cards (Top 3 Scoring Teams)	Division Winners 1-3 Ordered by Points Scored	Top 2 Seeds
3	7	Top 2 Teams from each division +1 Wild Card (Top scoring team remaining)	Division Winners 1-3 Ordered by Points Scored Only 1 team gets a Bye	Top Overall seed

Proposed 2026 Divisions

Version 1 (Ordered including playoff finishes)		
A	**B**	**C**
Brett Paul Dan Nan	Zach John Tyler Pat	Tim Keiron Brian Wonjoon

Version 2 (Ordered by points scored)		
A	**B**	**C**
Zach Brett Nan Dan	Paul John Keiron Tyler	Pat Tim Brian Wonjoon

Schedule

Trades go through same-day/instantly. √
Increase trade activity - will obviously still monitor.

Only 1 IR spot → 0 IR Spot √
Two IR spots are a relic of COVID times.

~~**Remove one roster spot**~~
To incentivize more trades and activity.

Combine Defense + Kicker √
Yahoo doesn't strictly enforce this but we can do something where when you draft a defense you are also forced to take their kicker.

Set max defense and kicker to be one.

~~**Missed Kick = (Negative) Distance of Kick**~~
Unfortunately not possible in Yahoo.

Option to buy additional FAAB? $50 added to the winning pot? $150 sliding escalation. √
You get $100 more FAAB. Limited to one purchase.

Chip Bracket a 3 week challenge? √
Low score of the chip bracket participants is the loser? Or Keep as is?
If you're in the loser bracket - you are a loser and you need to sweat it out for all three weeks.

Punishment ideas

- **½ Marathon v Beer Mile again?**
  - Beer Two Mile - for Tim!
  - Danzey - full marathon.
- Hot ones challenge for the loser during next year's draft?
  - Alternative?
- Pay for league t-shirts?

Special Event

From Keiron Stoddart.

John and Nan get $25 FAAB

- Trades go through same-day

Wonjoon as trade arbiter.

Danzey Punishment

- Chip discontinued ← I agreed to the chip
- Propose 5 options before draft

Person who beats the loser gets to choose for the loser:

- Eat wings with the Bomb insanity hot sauce (can be delivered in a matter of hours)
- Run half marathon (13.1 miles)

If the AI team wins we have to do both. AI team cannot be eligible in the losers bracket.
