ART AWARENESS:

Art Awareness is back and is digitized! Art Awareness is a monthly program that will run from now through May. Each grade is assigned a dedicated piece of art each month. Parent volunteers lead the session by sharing a short Google Slides presentation about the artist and the artwork, followed by a hands-on craft or art project related to the lesson.

This program is a wonderful opportunity for students to explore famous works of art in an age-appropriate, engaging way. It also gives you an opportunity to interact in your child's classroom.

How It Works

- Use the [Sign-Up Form](#) to select your child's class and month.
- Contact your child's teacher to schedule a date and time (typically 30–45 minutes).
- Review the provided slides, activity instructions and supply list in your grade/month folder.
- Lead the presentation and activity for the class!
- Fill out the Feedback Form.
