

Mi Mystery Connect Practice

1. Do a test call with the teacher. Have the teacher choose a location and students will practice investigating that location.
2. Review how to read a map.
3. Practice Yes/No questions.
4. Discuss how to be polite during a call. (Quiet while the other class is talking, etc.)
5. Practice using a device (Chromebook, iPad, computer, etc) to do additional research.
6. Remove all identifiable items that would indicate the name of the school or student names. (pennants, t-shirts/school gear, mascots, city name, etc.)
7. Double-check the time zone and the time of the call.
