In Bold proof of interaction with group members, assuming this is useful to show the horizontal review.

A) **European Commission's ISA Programme**
- **restricted communication from Riccardo, Pierre-Antoine and the editor in particular with Bert Van Nuffelen discussing the schedule.**
- **makxdekkers was part of both the group.**
- **Interactions are demonstrated by the latest release of DCAT-AP https://semiceu.github.io/DCAT-AP/releases/3.0.0/ that aligns with DCAT 3**

B) **RDA and** FAIRsharing.org (OK?)

Andrea was invited by Dr. Allyson Lister (FAIRsharing Coordinator - Content & Community) to give a presentation about DCAT 3, he attended to a meeting of the RDA Data Attributes WG on December 15th 2022.

RDA's Data Repository Attributes WG (https://www.rd-alliance.org/groups/data-repository-attributes-wg

C) GO-FAIR, FORCE11, CODATA (the International Science Council's Committee on Data)
- **Alejandra and Peter and other have connections there**
- **some requirements arose by the related community https://github.com/w3c/dxwg/issues/1576**
- **Peter Simon and Alejandra were at a CODATA workshop in Dagstuhl and DCAT3 was mentioned**

D) EPOS, the European Plate Observing System → **website is down, is it still a target?**

W3C COMMUNITY GROUP

The CG listed seemed to be not very active nowadays.

Shape Expressions Community Group

Karen Coyle Dublin Core Metadata Initiative (DCMI) is part of the group
