

Disasterful Girls Commission Tracking Sheet

If you have any questions you can reach me via my [in-website shop chat](#), my [Etsy](#), my [EMAIL](#), or my [INSTAGRAM](#). I will respond ASAP!! **Response times may be delayed due to my current medical treatments.**

PLEASE READ THIS DOCUMENT FOR INFORMATION ABOUT ORDERS IF YOU HAVEN'T ALREADY!

I will now be charging a RESTOCK FEE of 25% if commissions are cancelled after supplies are ordered. WHY? I put a TON of money into my commissions. I undersell myself quite a bit because I just want to make dolls. Because of this if orders are cancelled after I already order all of the fabric, wig, shoe, and doll supplies I'm down hundreds of dollars. As someone who's main source of income currently comes from selling dolls this is a \$500 to \$800 hit I can't take. Thank you for understanding

Order time estimate is based on an ESTIMATE of how long it takes for materials to ship to me, how long the process of making the order should take, and priority based on order number. Newly **finished orders** will be shipped out the **NEXT BUSINESS DAY**. I WILL UPDATE YOU if anything happens that might delay your order! I'll update time estimates as much as possible because I know how annoying it is to not know as a customer!!

ORDER PRIORITY DEPENDS ON WHEN THE ORDER IS PAID. (At least a down payment and payment plan set up!!) Unpaid orders may go down on the priority list IF someone pays before them! **I do my orders on a first come / first serve basis.** Unpaid orders are **HIGHLIGHTED IN GREY**. Pay now to hop above those unpaid orders! ;)

I MAY DO COMMISSIONS OUT OF ORDER IF: supplies for your commission (doll parts, wigs, fabric, etc) are still shipping to my studio. If your doll is in a box shipping overseas from Japan **I cannot paint her yet. She is in a box. She is not in my studio.** If wig fibers of your choosing are still shipping to my studio **I cannot make your doll a wig yet. I cannot make wig fibers appear out of thin air.** If the fabric needed for your order is still shipping **I cannot sew your dolls outfit yet. I cannot spin thread and make my own fabric.** I always carry basic fabrics such as neutral toned cottons in my studio **BUT I do not have** "specialty fabrics" such as furs, linens, pleathers, and vinyls in my studio when I am not using them for a specific project. **TO RESTATE: I may work on other commissions before yours if I am waiting on parts to arrive. I will not put off other customers' orders and stare at a wall waiting for your parts to arrive when there is work I can accomplish in the meantime. I cannot work on your order if your parts are not in my studio.**
