

SFUSD & DCYF Community Hubs Partnership

Updates for Summer '21

Who's eligible for summer Community Hub programs?

- ❑ the priority list is the same as the [list of students who are eligible](#) for hubs in illuminate (*homeless, or foster youth, SRO/public housing residents, ELL, attendance <40%, low SES, AA, PI, or Latinx students*)

How do we help families enroll?

- ❑ different from school-year learning hubs, summer program enrollment ***won't be using codes*** or filtering through SFUSD
- ❑ CBOs will do outreach and directly enroll kids
- ❑ students who currently attend learning hubs will **still need to apply & enroll** for summer programs if they'd like to participate

How can we support?

- ❑ partner with your site lead agency CBO to strategize on students to invite since it's likely there will be fewer spots than interested & eligible students
- ❑ if your site does not currently partner with a CBO, your eligible families may complete [this SF Parks & Rec interest form](#) to get connected.

What about learning hubs for the remainder of this school year '20/21?

- ❑ there won't be outreach to fill learning hub spots after April 30, 2021
