## Letter Retention and Purge

The info below was taken from the [Knowledge Center page on letter retention](#).

### *Setting Letter Retention Periods*

By default, letters sent by Alma are retained indefinitely and available on the **Attachments** tab of the User Details (see [Managing User Attachments](#)).

On the Letter Retention Configuration mapping table ([Configuration Menu > General > General Configuration > Letter Retention](#)), you can add and/or enable letters so that they are deleted after a certain number of days. For more information about mapping tables, see [Mapping Tables](#).

A weekly job (not configurable), **Letters Purge with Retention**, deletes all enabled letters, if they were created more than the configured number of days ago.

## eResource Links in Primo VE

Discussion about Link Resolver vs hardcoded citation links presented within Primo VE, as outlined in the following [Diagram](#).

For a good, basic refresher on OpenURL and Link Resolvers, I recommend the [OpenURL Wikipedia Article](#).

## RB Digital Local Collection

The meeting recording, starting at 1 hour, includes a comprehensive walk-through of local electronic collection setup, using the RB Digital Collection at Lower Columbia College as an example.

## **Chat**

00:11:23 Dan Moore (EDCC): I think Greg said that they didn't work as well as we thought they would

00:12:22 Dan Moore (EDCC): [https://knowledge.exlibrisgroup.com/Alma/Release\\_Notes/010\\_2018/06\\_July\\_2018/Alma\\_July\\_2018\\_Release\\_Notes/04Fulfillment\\_-\\_July\\_2018\\_Enhancements](https://knowledge.exlibrisgroup.com/Alma/Release_Notes/010_2018/06_July_2018/Alma_July_2018_Release_Notes/04Fulfillment_-_July_2018_Enhancements)

00:16:58 Nicole-Bellevue: We did add a one day overdue notice-but haven't dealt with this

00:21:29 Kirsti Thomas (Seattle Colleges): As far as I can tell, the short term notices go out pretty much on an immediate "on demand" basis, as opposed to regular Overdue and Lost notices which get run once a day

00:22:56 Katherine Kelley - LWTech: Thank you!! We'll look into adding retention periods!

00:28:51 Kirsti Thomas (Seattle Colleges): COuld we take a look at Olympic's letter retention settings?

00:30:50 Kirsti Thomas (Seattle Colleges): FYI-- Ive heard from one of our ctcLink admins that ctcLink will have a setting to identify whether a student is "active" or not separate from enrollment status.

00:45:25 Elena Bianco - Skagit Valley College: This chart is super useful. thanks, Wade!

00:52:53 Nicole-Bellevue: I learned from Kirsti and those links  
come from different places. Our experience that the bottom linked  
worked and the top one didn't. Our records aren't from the PCI though  
00:57:18 Lesley Caldwell: I report these to Ex Libris  
Salesforce -- is that what we're supposed to do?  
01:00:12 Kirsti Thomas (Seattle Colleges): E-resources are black  
magic  
01:01:03 Dan Moore (EDCC): I report those to SF too  
01:08:23 Amy Herman - Olympic College: I have another meeting so  
can't stay for the RB Digital demonstration, will watch later!  
01:08:35 Elena Bianco - Skagit Valley College: Thanks, very useful,  
all!  
01:09:01 Sally Sheedy - Whatcom CC: Keep the recoding going, right?  
01:09:09 Lesley Caldwell: Hopping on another call! Thanks!  
01:09:30 Sally Sheedy - Whatcom CC: Great, thanks.  
01:09:54 Dan Moore (EDCC): I'm gonna hop off. See everyone next  
week!  
01:14:08 Maryanne Hirning - LCC: yup  
01:32:33 Elena Bianco - Skagit Valley College: Thanks, I need to  
head out...
