Privacy Policy for NotebookLM Folder Organizer

Effective Date: January 13, 2026

1. Introduction
This Privacy Policy describes how the "NotebookLM Folder Organizer" extension collects, uses, and discloses information, and what choices you have with respect to the information.

2. Data Collection
We do **not** collect, store, or transmit any of your personal data, usage data, or browsing history to any external servers.

3. Local Storage
This extension allows you to organize your notebooks into folders. The names of the folders you create and the assignment of notebooks to those folders are stored **locally** on your device using the `chrome.storage.local` API. This data never leaves your browser and is not accessible by the developer.

4. Third-Party Services
This extension interacts with the NotebookLM website (`notebooklm.google.com`) solely for the purpose of manipulating the user interface (DOM) to display your folders. It does not read, analyze, or transmit the content of your notebooks.

5. Contact
If you have any questions about this Privacy Policy, please contact the developer via the support tab on the Chrome Web Store.
