

BRICKS RECRUITMENT May/June 2025

FREQUENTLY ASKED QUESTIONS

This document will be updated throughout the application process with frequently asked questions and any updates.

Last update: 21st May 2025

Community & Engagement Producer

Date	Question	Answer
16/05	Would there be scope to be employed on a 12 month contract as a freelancer to deliver the role?	The Community Engagement Producer is an important part of our team and as such we are looking to employ someone on a long term basis. Whilst the role is advertised as a fixed term contract, it is with the intention of being able to extend it beyond the first year. We often advertise roles as fixed term initially as they can be subject to funding restrictions.
07/06	Is the role hybrid or fully office based?	The role is mainly office based as St Annes House is our hub for community engagement.
06/06	Does the role have set working days, or whether it varies week to week?	The role is 30 hours per week, worked across 4 days. There is some flexibility based on the needs of the role.
