

29 May is the International Day of UN Peacekeepers - a day to pay tribute to our uniformed and civilian personnel. The focus of this year's campaign will be to harness the power of people through partnership to secure peace, progress and, ultimately, prosperity for all people. The slogan will be: "People. Peace. Progress. The Power of Partnerships".

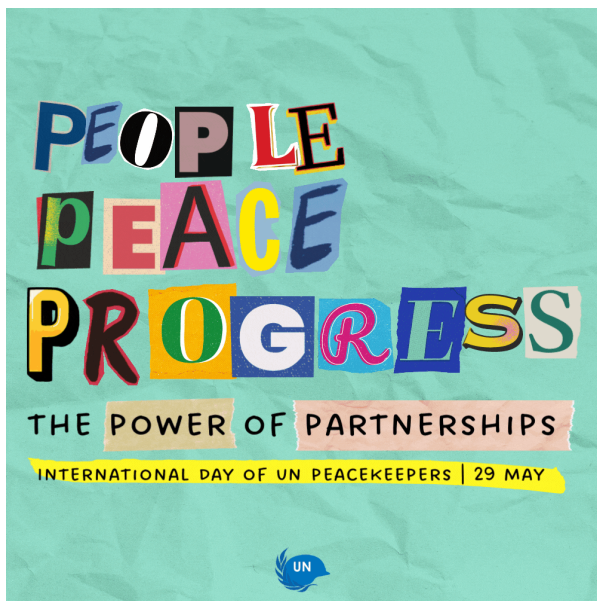

Célébrée le 29 mai, la Journée internationale des Casques bleus de l'ONU rend hommage à notre personnel civil et en uniforme. L'objectif de la campagne de cette année est de tirer le meilleur parti de l'humain à travers partenariats pour garantir la paix, le progrès et, à terme, la prospérité pour tous. Le slogan est : « Ensemble pour la paix: le partenariat, clé du progrès ».

Peacekeeping helps to create the necessary conditions to end conflict & secure lasting political solutions.

This is not an outcome that can be achieved alone. It is a collective endeavor, requiring the support of many partners.
