

AI FOR TEACHERS

- [Sorcerer](#): An encouraging AI that asks questions on any topic, differentiated for every learner by mastery level
- [Questionwell.org](#) (creates questions for you from any document, and you can export them to Quizlet, Quizizz, Kahoot, and Gimkit.
- [TeachMate.ai](#)
- [App.twee.com](#) (I love this one. It creates questions from a video/summarizes a YouTube video/creates a transcript.
- [Eduaide.ai](#) (it's my official assistant.
- <https://web.diffit.me/> for teacher: summarize any article or text based on the grade level, and create resources for any media. (Highly recommended)
- [Almanack.ai](#) (you can create slides, bingo games, battleship games, rubrics..etc. Create your course and enter the lesson name; then, it will take care of the learning objectives or upload files).
- [MagialSchool.ai](#)
- [Quizizz AI](#) chrome extension.
- [HelloHistory](#) Chat With Anyone From The Past
- [ChatGPT](#) (Plus version 4 includes creating images from prompts, audio, and videos)
- [Brisk extension link](#)
