## CARMEL COLLEGE

## Subject and Skills Workshops for students 2025

**WHO**: Open to all students who want help or further learning in a certain subject to attend the session/workshop. Senior tutors will be leading.

WHAT: Study sessions with one subject focus each week (workshops held some weeks during the term)

WHEN: Thursday afternoon, 3:30 - 4:30 pm

WHERE: Library

In the Subject and Skills Workshop, we'll focus on a different subject each week, with specialized student tutors offering support. Tutors will assist with current in-class work or provide extension activities for those seeking a challenge. They're also available to help with homework and will have prepared resources for students who don't have specific tasks to work on. A supervising teacher will be present throughout the session. This initiative is organized by the Heads of Academic, Yoana and Angela. For any queries, please email Angela at 19010@carmel.school.nz.

## Please note this is a live document - any changes to the schedule will be updated below.
