

Racer, Family & Coach Notes for Tues-Thur:

As a friendly reminder from your friends at the Ski Park:

As you have seen, our lodge has limited space for a group your size. Unfortunately, this means that we cannot accommodate everyone in the upper lodge.

Those who have chosen to bring their own food, please enjoy your meals in the lower lodge, on the patio, or in your vehicles.

No ice chests or outside food or drinks in the upper lodge please. The tables are intended for use by customers purchasing food and drinks in our café venues.

No reserving or holding tables. Just like a restaurant, you can occupy an open table for as long as it takes you to consume your purchased meal; then you are asked to vacate the table so another group can enjoy their meal.

Racers...PLEASE use the designated ski/board corral, rather than leaving skis outside the bar/lodge. Today (Monday) we had a situation at lunch where there were 60-80 pair of skis lined up outside the bar, and it blocked access to the bar, as well as the crossover between Marmot and Douglas. As a side note, your skis/boards are more likely to disappear if they are left outside the corral.

Racers...when you complete your run, the flats between the finish corral and the base area is a slow zone. This route is used by all-levels of skiers, and it is intimidating (and dangerous) for a racer in a full tuck to pass a beginner skier who is just trying to make it back to the base area. Please check your speed!

THANK-YOU FOR YOUR COOPERATION. WE LOVE HAVING YOU HERE AND WANT TO MAKE THIS EVENT SPECIAL FOR YOU. PLEASE LET US KNOW IF THERE IS ANYTHING YOU NEED!
