Fís Scoile Ghaelscoil Átha Í

- That the school will grow and develop as a centre of excellence in education

- That our teaching styles will reflect that children are individuals: that the children will leave Rang 6 confident, happy, responsible and able to work independently to the best of their ability; and that interest in other pastimes will have been stimulated as well.

- That the school's Irish, Interdenominational ethos will be developed so that everyone in the school will be proud of their language, their culture and their heritage.

- That the school will be a community of education and development for the children, for the staff and for the greater school community.

- That the staff will feel appreciated for their diligent work, that they will be happy to be working in the school, and that there will be continual personal and professional development provided for them.
