

2026 Belt and Road & BRICS Skills Development and Technology Innovation Competition — Middle East International Competition: 2026 International Nanotechnology Olympiad for High School Students (INOHS)

Introduction Letter to the Organizing Committee

We are pleased to submit this letter introducing our team from [School/Institution Name], [Country], as participants in the **International Nanotechnology Olympiad for High School Students (INO-HS)**.

Our team consists of [number] students: [names]. Under the guidance of the supervising teacher, [Teacher's Name], [Position/Title]. We are enrolled in [Program/Major/Grade], which has provided us with both theoretical grounding and hands-on experience in areas such as [relevant subjects, laboratory techniques, or analytical methods], among other related areas.

Our engagement with nanotechnology goes beyond the classroom. We have been actively involved in [research projects / scientific activities / competitions / workshops / other relevant activities] involving nanotechnology and related fields. [Briefly describe relevant research projects, activities, or experiences.] These experiences have deepened our understanding of how nanoscale science can address real-world challenges and have strengthened our interest in nanotechnology and its applications.

We come from [City/Region/Country], a region where [briefly describe relevant local scientific, environmental, technological, or social context, if applicable].

This context drives our motivation to engage with an international community of young researchers who share a commitment to applying science for meaningful impact.

We look forward to contributing to the collaborative spirit of INO-HS and to learning from peers and experts across the globe.

Respectfully,

[Student Name] — Student

[Student Name] — Student

[Supervising Teacher's Name] — Supervising Teacher

[School/Institution Name] — **with signature or stamp**

[City, Country]
