- **App Usage Data:** workout history, plans, and activity metadata you create
- **Device Storage:** preferences and cached app data stored locally on your device

We do not collect contacts, call logs, SMS data, or location data.

How We Use Your Information

We use your information to:

- create and authenticate accounts
- provide core functionality
- enable social features
- store and display your content
- send app-related notifications
- ensure security and prevent abuse
- maintain and improve performance

Legal Bases for Processing (GDPR)

For users in the European Economic Area (EEA), we process personal data based on:

- contractual necessity
- legitimate interests (security and fraud prevention)
- consent where required

You may file a complaint with your local data protection authority if you believe your rights have been violated.

Sharing of Information

We do not sell or rent personal data.

We share information only with service providers necessary to operate the App:

- Firebase (Google): authentication, Firestore database, storage, server functions, App Check, and notifications**
- Apple Push Notification Service (via Firebase) for iOS delivery**

These providers process data under applicable data protection agreements.

Data Storage and Security

Data is stored using Firebase infrastructure.

We apply industry-standard safeguards, but no system can guarantee absolute security.

Data Retention

We retain personal data only as long as necessary to operate the App and meet legal obligations.

Account data is deleted when an account is deleted, except where retention is required by law.

Users may delete their account inside the App or by contacting support.

Your Rights

You have the right to:

- access your personal data**
- request correction**
- request deletion**
- withdraw consent**
