

Mapping Your Path Scholarships

A limited number of partial scholarships with deep discounts are being offered to make Mapping Your Path more accessible to those with limited financial access. Priority will be given to under-represented communities (including geographic diversity), those experiencing financial or health hardship, and first-time MYPers. Returning MYPers can also apply.

Being awarded a MYP partial scholarship will give you full access to the 3-month workshop + community for the cohort that is currently enrolling. Once accepted, the reduced price of the workshop can be paid in full or through a payment plan.

Note: It's not uncommon for people to join MYP and be over-ambitious and to want to do everything, and do it all perfectly—this can add pressure and guilt. Nothing in the MYP experience needs to be done perfectly (it is composed of real humans leading busy lives). MYP is a container where you have permission to show up imperfectly, and focus on the components which resonate with you. It is not about being performative, but learning through the experience while being in community with others.

*If you are applying, **please be sure you have 3 hours a month to devote to the experience.** (No need to overdo it in an attempt to “prove” yourself.) Scholarship award recipients are strongly encouraged to participate in the community space rather than passively consuming the workshop from the sidelines. This can be through asking a question, resource sharing, weekly check-ins, etc. (The MYP community is incredibly open and supportive, and there is no need to be active all the time, nor are you expected to read or follow all posts.)*

Please keep your application short [seriously!] + sweet, with manageable file sizes that won't break my inbox. Make your application something you have fun writing + it's enjoyable for me to read :) Have confidence in your writing/application and don't overthink it.

Scholarship applications are due by midnight CET [Paris] on Tuesday, Sept 30th at midnight CET/Paris. (If you discover this after the deadline, you may still apply but you will not receive priority consideration.)

You are encouraged to apply sooner rather than later if you are interested. Please prioritize quickly responding to the application rather than overthinking it. Have fun with it and get it done!

Scholarship award recipients will be notified before the start of the upcoming cohort. Receiving a scholarship does not require you to join the cohort. Scholarships are not transferable to future cohorts, nor does it guarantee you the same reduction for future cohorts (note: all MYP alumni receive deep discounts).

In order to secure your place in MYP, the first payment (or payment in full) must be made before the start of MYP. Agreeing to a payment plan is not an option to opt out early.

If you have any questions about Mapping Your Path or if it's a good fit for you, please reach out to me at hello@anneditmeyer.com before making the commitment.
