

Mayfair Records

We build you better

Mayfair Records is a startup record label. Our aim is to introduce and promote Indie artists to garner wider audience globally.

Our main services are:

- digital distribution and artist management.
- We'll get your music into **Spotify, Apple Music, Saavn, Insta Reels, Insta Music, TikTok, Pandora, Amazon, Instagram, YouTube, Tidal, iHeartRadio, Deezer**, plus a ton of other stores & streaming services.
- Improve your song analytics each month and help you grow with us.
- Social media management and social media promotion for your individual brand.
- Provide you with a summary of your analytics for every 3 months from the day your songs or album has been uploaded.

As an artist, you can sit back and focus on producing music while we do the back end work.

Perks:

- Stress free online management of your music and work.
- Concise reports on your music analytics so that you can improve your reach to your audience.
- Customised support and promotion for each and every release.
- With a record label behind, you can also look to do collaborative work in the future.
- Beyond minimum views on every platform, you will be entitled to generate revenue for yourself.
