

<b>Football</b>	<b>Baseball</b>
Positional Comps	RB - P (injuries + premium) IF - TE/QB (safe floors, always available) OF - WR the ceilings, scarcity and range of outcome of premium vs bottom is starkest
Zero RB	Punt pitcher, load IF/OF
Week 17	Week 23 - 24 Sept 11 - 24, total amount of games 2 start pitchers etc PARK FACTOR METS, NATIONALS, orioles, brewers - 14 games 7 + 7 Diamondback 7 + 5 CUBS - 3, Giants - 4 @ COL
Stacking	5 to 8 hitters, usually capped at 3, maybe 4 per team "Nice to have don't need to have" - chris
Pissing Yellow	OF Run - scarcity
Onesie Positions	IF
Rookie Upside	P showdown vs hitter ceiling, been very spoiled recently
Roster Construction	Positional cap at 8. 6-8 per position safest, can get crazy 5 P similar to 4 RB
"RB Deadzone"	Flatting off of P
Hero RB	2 outta 4 first picks on P
"The Ford Field"	Coors Field
Our Skyy Moore (OF)	Nez - Jack Suwinski Neumy - Alex Kirilloff Jon - Tyler O'Neill

## Our RoJo (P)

Nez - Mitch Keller  
Neumy - Jack Flaherty  
Jon - Chris Sale

Notes (to be removed/placed elsewhere prior to stream)

Zero RB:

Week 17: (place teams that are playing in Coors/GABP here)

Stacking:

Pissing Yellow:

Different than “zero RB”, but applies all the same. As OF goes way early

Onesie Positions:

INF is a hybrid of TE/QB

David Montgomery:

Who is the guy to fade as a bit?

Rookie Upside:

Does it exist?

Infield - TE/QB

OF - WR

P - RB
