READING – *My Pet's Abilities*

My pet has many abilities. Let me tell you about some of them. My pet can walk. He can run. He can jump. When we go to the park, he chases after squirrels and butterflies. Sometimes, he jumps into piles of leaves and makes a mess.

My pet can play with other animals at the park. My pet can catch a ball, too. When I throw a ball, he races to get it, and he brings it back to me. We can play this game for hours, and it's so much fun.

My pet can't talk, but he can bark. He can also sit and stand when I tell him to. It's helpful when we're practicing tricks. He can't ask me questions, but he can communicate with me through his eyes. When he's happy, his eyes sparkle, and when he's sad, his eyes get watery. My pet can smile and cry like humans.

My pet is my best friend. I love all the things he does, even if there are some things he can't do. Can you guess what kind of pet I have?
