Sparking Ideas for the Classroom

Discussion Question(s):	<i>After watching the video,</i> 1. What are the main human and environmental factors contributing to deforestation in the Amazon rainforest, and how do these factors vary across different regions of the basin? 2. What are the benefits of the Amazon rainforest? 3. What are the potential environmental and global impacts if large areas of the Amazon rainforest continue to disappear?
Extension Question(s):	• What do you think are actions we can take to save the amazon rainforest?
