

SAN FRANCISCO UNIFIED SCHOOL DISTRICT

MULTILINGUAL PATHWAYS DEPARTMENT

Benchmark offers an extensive number of activities per lesson. Considering there is not enough time to fit all of them in the **SLA block**, we have selected **essential activities** that support research based approaches to teach Spanish. For example, the **syllabic approach** and the **lectoescritura** as a whole, while anchoring learning in the **context of reading**. For more information, please go to the [Essential Activities Rationale](#) presentation.
