# Connecting Course Evaluations to Activities

1. Locate the item you wish to restrict access to until students have completed the course evaluation, click on that assignment and then click the Settings menu

2. Scroll down to **Restrict Access** and then click on **Add Restriction**.

3. On the next window, click on **Activity Completion**.

4. On the next window, make sure that the settings say the following: Student **must** match the following: Activity completion **Course Evaluation must be marked as complete**.

Restrict access

Access restrictions

Student [must ▲▼] match the following

👁 Activity completion [Course Evaluation ▲▼] [must be marked comp ▲▼] ✕

Add restriction...

Please note: If you do not see Course Evaluation as an option, this means that you do not have activity completion settings turned on. You will need to go to the Course Evaluation, select *Edit Settings>Activity Completion> Select Show activity as complete when conditions are met* and check off *View as completed if feedback is submitted* (*expected date is optional)

Activity completion

Completion tracking   ❓   [Show activity as complete when conditions are met ▲▼]

Require view   ☐ Student must view this activity to complete it

     ☑ View as completed if the feedback is submitted

5. Scroll down and select **Save and Return to Course.**

6. If set up correctly, your assignments will be grayed out but visible to students. It will also say below that the assignment is restricted until the course evaluation is complete.

🗃 Class Meeting 5

📄 Final Assignment

Restricted Not available unless: The activity **Course Evaluation** is marked complete
