Once you've found your perfect wedding dress and it has been fitted and adjusted, you will need to pack it carefully into your Wedding Box. Every Wedding Dress Box from BonBod's come with dress folding instructions and 20 Free sheets of acid free tissue paper.

When travelling by plane: Let your airline know in advance that you will be travelling with your wedding dress. You should not check it in with your other luggage, but carry it onto the cabin of the plane with you. Or if the plane is not full, and you have a spare seat next to you, you may be able to keep it there safely knowing it is travelling right alongside you!

Once you arrive, you'll want to make sure that your wedding dress is still in perfect condition. Gently remove the gown from the Wedding Dress Box, and if you need to get rid of a few creases then you can easily do so by hanging your wedding gown in a bathroom and letting the shower run hot to create some steam - this will smooth out any wrinkles without the need to iron the dress.

Congratulations, you have arrived safely at your Wedding destination and thanks to the Wedding Dress Storage Box your Bridal Gown is safe and secure. Now you can enjoy the best day of your life, your Wedding Day.
