- created an unconstitutional school board agency, outside local school board jurisdiction. [HB 1400](#)

Limited Access to Healthcare

- prohibited state government from requiring contractors to pay employees at prevailing wages. [HB1596](#)
- restricted local governments from making decisions about the wages contractors pay employees. [HB1753](#)
- relieved franchisors from an employer's obligations to employees, which can shift the burden onto small, Virginia-based franchisees. [HB1394](#)

Denied Voting Access to Eligible Voters

- disenfranchised eligible voters by requiring photo ID even for absentee ballots. HB 1428
- denied voter registration to people who failed to indicate their date of birth twice on an application. [HB9 \(2016\)](#). Taking away the vote over a technicality.
- closed voter registration at 5 PM instead of midnight on the last day of voter registration before an election. [SB1303](#). Making voting harder for workers.

Obstructed Clean Air and Clean Water; Sent Taxpayer Funds to Special Interests

- reinstated the costly, ineffective Coal Tax Credit. [HB2198](#)
- thrown up roadblocks to the national Clean Power Plan, damaging our environment. [HB2 \(2016\)](#)

Endangered Legal Immigrants and Driven Away Job Creators

- prohibited state or local officials from releasing people suspected of violating immigration laws. Unnecessary and anti-immigrant. [HB1468](#)
- prohibited Virginia towns from becoming sanctuary cities, even though none are. This would sow discord and drive job creators away. [HB2000](#)
