I've decided on keeping a journal type thing while my brother is out. He usually isn't gone for long, but said this trip would take a while so I plan on keeping track of moments that happened while he is gone so I can get to tell him when he gets back!

Nothing much has happened this past week, which has been both a blessing and a curse. My condition hasn't acted up much, which is great, but it has been terribly boring around here. Oh well, at least I can look forward to the gift (?) Drosera said they were going to bring back from the city!

Something must be wrong, this is the longest I haven't heard from them... I need to go look for them. Ma and Pa are helping me prepare to go out, they can't leave the farm unattended, so I decided to go look for them

[Note, this font is kinda ugly but had to speedrun and this fit the character, Laelia, so if you need a change bc its unreadable I can do so later]
