Behavioral & Mental Health Agencies: Ohio

DDBP social workers have created an interactive map of mental health providers in the community. DDBP social workers have been in contact with all of these providers and have been able to obtain information about the agency and providers. Please follow this link to access the map: https://www.zeemaps.com/map?group=3466239

Once in the map please put your address in the "Go to" box. Zoom out (minus button) until you begin to see red and blue markers. A red marker means the agency accepts Medicaid (that agency may also accept private insurance). Blue Markers means the agency accepts only private insurance. White markers are providers who are self pay.

HAMILTON COUNTY PROGRAMS

(Providers accepting Medicaid plans–some programs may accept commercial insurance.)
